

GORMAN TO LEAD THE DEMOCRATS

Senate Democrats Make Maryland Statesman Chairman of the Caucus.

MAKES BRIEF ADDRESS

Democrats Consider What is to be Done During the Special Session.

Washington, March 6.—The democratic senatorial caucus which met at 11 o'clock today organized by electing Senator Gorman to his old position as chairman of the caucus. This is a permanent place and assures him the occupancy of the democratic conference room, one of the most commodious and best located committee rooms in the senate and of the capitol. He made a brief speech in accepting the chair and the conference then proceeded to other business. There were present twenty-eight of the thirty-three democratic senators.

SUGGESTED BY BACON.

Senator Gorman's nomination as chairman was suggested by Senator Bacon and there was no opposition to his selection. In taking the chair he thanked the senators for the honor conferred, but did not make an extended speech. The remaining time of the session was devoted largely to the discussion of the present situation in the senate and the necessity for democratic harmony and unity of action. There was a general feeling that the vacancies caused by the retirement of democratic senators from committees which have to deal with questions before the present called sessions should be filled and it was decided that the designation of the members of these committees should be made by a steering committee to be appointed by the chairman of the caucus, but that their selection should later be ratified by the caucus. The steering committee for the past congress has numbered only seven members, but Senator Gorman requested that the number should be increased to nine, which was the number in the days of his previous chairmanship, and this increase was decided upon. Mr. Gorman will make his selection of members of this committee in time to have a meeting tomorrow when the question of supplying the vacancies on the regular committees of the senate will be taken up.

GIVE COMMITTEE AUTHORITY.

The caucus placed in the hands of the steering committee authority to decide for the democrats whether there should be a general reorganization of the senate committees or the mere filling of the vacancies on those committees which will deal with pressing questions during the extra session.

The committee is empowered to negotiate with the republican steering committee with a view of entering upon a general reorganization, but so far as there was expression of opinion on this point it was favorable to the view of leaving the question of reorganization on general lines to be determined by the republicans, as they are in power. There is no doubt, however, that the democratic steering committee insist upon having some of the committees filled for the reason that the democratic party has lost quite heavily in some of the committees which are in control of present business. They will ask, for instance, that the vacancies on the committee on foreign relations be filled. Senator Bailey retired from this committee before the adjournment of the last congress and by unanimous consent Senator Clark, of Montana, was appointed to the vacancy.

WILL CONFIRM ACTION.

It is expected that the steering committee will confirm this action and also will name a successor to Senator Rawlins of the same committee. It is thought necessary to have these vacancies filled immediately as that committee will have to deal with the pending treaties. They also will ask that the democratic vacancies on the committee on inter-oceanic canals caused by the retirement of Messrs. Harris and Turner shall be filled before the nomination of Dr. Crum, to be collector of the port at Charleston, is taken up by that committee. A similar demand probably will be made in all other cases in which committees have charge of nominations over which there may be controversy. The cau-

cus was in session for almost two hours.

WILL BE MADE AN ADMIRAL.

Washington, March 6.—While no official announcement has been made, it is believed in naval circles that Captain Charles J. Barclay, commandant at the Boston navy yard, has been selected for similar duty at the Bremerton (Washington) yard, and that the assignment soon will be made. Captain Barclay stands well up in the list of captains and his promotion to the grade of rear admiral is likely to follow soon after transfer.

PASS RAILWAY TAX LAW.

Madison, Wis., March 6.—In the assembly today the bill providing for the taxation of railroad companies on the ad valorem basis was passed by unanimous vote.

WILL SPEAK ON HOME ECONOMICS

Mrs. Kedzie-Jones to Address Fort Wayne Club Women Tomorrow.

Saturday afternoon at 2:30 o'clock, in Floral hall, on West Berry street, Mrs. Kedzie-Jones, of Berea, Ky., will deliver an address on "Home Economics." The meeting is to be under the auspices of the Woman's Club league and the event promises to be a notable one.

Mrs. Kedzie-Jones has achieved much distinction both as a student and a speaker upon this and kindred themes, and the gifted woman was formerly an instructor in the Bradley Institute of Technology at Peoria, Ill. She is now the wife of a member of the faculty of Berea college. For the meeting an invitation has been extended to the Huntington women's club, as well as to the Fort Wayne ladies' clubs not identified with the league, and the general public will also be welcome. Refreshments will be served at the close of Mrs. Kedzie-Jones' address and there will be a social gathering of the ladies.

KNAPP'S PLEA IS TO BE INSANITY

Effort Will Be Made to Show Strangler Has Suffered from a Kick.

Hamilton, Ohio, March 6.—Alfred A. Knapp, the self-confessed murderer, was visited today by his attorneys from Cincinnati and they say they cannot get ready for the preliminary hearing this week. There is no doubt whatever about the defense pleading insanity and the first movement will be for an inquest. His fourth wife, parents, brother, sisters and brothers-in-law will testify that Knapp has not been right mentally since he was kicked by a colt when he was five years old and it is expected that neighbors of the Knapps and fellow workmen of the prisoner will testify as to Knapp's queer ways. Knapp is as indifferent in jail as ever, playing cards and reading, and apparently the most cheerful of all the prisoners.

KNAPP'S CHILD HERE.

Terre Haute, Ind., March 6.—It was definitely learned here today that Emma Stubbs Knapp, the first wife of Alfred Knapp, died here Dec. 8, 1892, and that her body was buried in Highland Lawn cemetery. Mrs. Knapp became the mother of a child Dec. 28, 1888. This child is now in the school for feeble minded youth at Fort Wayne, Ind.

OFFICERS PREPARING PUBLIC STATEMENT

Situation on Wabash Will Be Subject of Address by Heads of Brotherhoods.

St. Louis, Mo., March 6.—The officers of the Brotherhood of Railway Trainmen and Brotherhood of Locomotive Firemen are preparing a statement to their members which will be given out for publication tonight, giving a short statement of the case as it now stands and advising them to continue loyal to the railroad company and their organizations and pay no attention to the threats of any persons or any rumors which may be put in circulation.

GOVERNOR USES HIS VETO AGAIN

Kills Bill Raising Salaries of Circuit and Superior Judges Here.

AFFECTED FOUR COUNTIES

Governor Says Bill Was Bad Piece of Special Legislation—Proceedings

(Special to The Sentinel.)

Indianapolis, March 6.—Governor Durbin has exercised his veto power again and as a result the judges of the county courts in Marion, Allen, Vigo and Vanderburg counties will not receive the substantial increase of salary voted to them by the legislature.

The governor gives as his chief reason for disapproving the bill that it had been made a vicious piece of special legislation in that the salary of the superior judge of Vanderburg county was raised, while that of the circuit judge of the same county was left at the present figures. Judge Rasch, of Evansville, was left out of the benefits of the bill because of the scandal with which he was connected by reason of his accepting money from appointees in his court. Both houses adjourned at 11:30 this forenoon as a tribute to the late quartermaster general of the Indiana national guard, Gen. Robert S. Foster, whose funeral occurs today.

The house this forenoon killed the bill providing that the names of congressional candidates shall be placed on the state instead of on the county ballots.

The senate this morning advanced the compromise legislative apportionment bill to third reading.

PASS APPROPRIATION BILL.

The republican senators yesterday afternoon were forced to assume much the position of the far-famed soldiers who first marched up a hill and then marched down again. After cutting out many of the items in the general appropriation bill on Wednesday as a result of a caucus on the subject they voted yesterday to put several of the same items back in the bill after another caucus. The bill as finally amended was passed and the amendments were concurred in by the house.

The senators were forced to this action by the house members, who gave them to understand in no uncertain way that they would never agree to the bill as amended by the senate. In order to save time and trouble the senators caucused and decided it would be easier to reinstate the specific appropriations wanted by the house members than to have the matter go to a conference committee.

SLOW TO YIELD TO HOUSE.

Several of the republican senators who were not at the second caucus were made exceedingly angry at the backdown of the senators before the members of the house. They claimed they had not been given notice of the intention to reinstate the claims cut out by the first caucus and that the few had no right to decide to put the appropriations back in the bill without notifying them. Senator Goehenour, one of the strongest men on the republican side, refused to vote for the bill finally on account of the changes that had been made.

The democratic senators all voted against the bill on account of the great increases it makes in some of the appropriations. In view of their opposition it was difficult to get a quorum to pass on the bill and President Gilbert kept the roll clerk busy for several minutes trying to get the absentees so that the bill could be passed. The final vote stood 30 to 11.

The total amount of appropriations put back in the bill yesterday was about \$18,000 in round numbers.

The senate passed the Stechhan bill, establishing a commission to investigate the convict labor question and report its findings to the next legislature.

SCHOOL LEVY INCREASED.

The substitute bill for the measure offering to increase the state tax levy for school purposes from 11 to 16 cents was passed. The substitute bill authorizes townships to increase their local tax levy for the purpose.

Representative Denbo's bill, providing a penalty for renting buildings to any one to be used in conducting lotteries or other institutions for the paying of illegal premiums, was passed.

In all thirty-seven bills were passed, the senate cleaning up all of the measures that stood on third reading except five. The senators were much interested in seeing to

the passage of their own measures by the house and spent so much time on the other side that it was frequently necessary to delay roll calls until they could be sent for to secure a quorum in voting on the bills that were taken up.

Among the bills that were passed in the lot of thirty-seven were: Representative Denbo's bill, providing for the punishment of anyone who adulterates food for animals. Representative Stansbury's bill, dividing county supplies into four classes.

Representative Matthew's bill, authorizing cities of from 7,200 to 7,700 population to levy a special tax to improve school buildings.

Representative Morgan's bill, making certain the law in regard to the remuneration to be paid justices of the peace in Marion county to provide that justices outside Indianapolis.

(Continued on Page 7.)

A CRANK APPEARS AT WHITE HOUSE

Wanted Pay for Early Information That the Maine Was to be Destroyed

Washington, March 6.—A Swede who gave his name as E. Berg, of Providence, R. I., tried for an hour today to see the president. He was urged by the white house attaches to reduce his communication to writing. This he endeavored to do, but failed. One of the secret service officers interviewed him and found him possessed of hallucinations. Berg said that several years ago he had informed the United States government that the Spaniards intended to blow up one of its battleships and he wanted the president to see to it that he receive \$100,000 for his information. Berg was persuaded to return to Providence and there place his claim in the hands of a lawyer.

MYSTERIES IN NAVAL PROGRAM OF GERMANY

Light on Detail of Budget Requirements Demanded in the Reichstag.

Berlin, March 6.—The German navy department makes considerable mystery out of some portions of its budget requirements. Herr Richter, the radical leader, complained in the budget committee today that the government is simply asking for lump sums for the maintenance of the fleet and has not even specified the ships or stations on which money is to be spent. He affirmed that the reichstag had the right to have detailed information on the subject.

Admiral Secretary Von Tirpitz replied that the information supplied by the navy department was adequate. Administrative discretion required some reserve. The increased maintenance expenses were largely for vessels on foreign service. As a matter of fact, Germany's battleships were rather behind than in advance of the naval law program.

Herr Richter again asked for a list of the ships ready to be equipped for service and for copies of the cabinet orders directing the ships to be put into commission.

Secretary Von Tirpitz declined to furnish the latter, but said he would hand Herr Richter personally a list of the ships ready for service.

The strong German force sent to east Asiatic waters was, Secretary Von Tirpitz explained, assigned to that station at the request of the foreign office.

RAILWAY RUMOR DENIED.

New Orleans, March 6.—President Harvey, of the New Orleans and Northeastern railroad, denied today that his line, which is part of the Queen & Crescent system, had been sold to the Southern. He said there were no negotiations pending for the purchase of the road.

EXPECT MR. ROBINSON.

Congressman and Mrs. James M. Robinson are expected to arrive in the city late this afternoon over the Pennsylvania railroad. Washington dispatches indicate that the Twelfth district representative left the national capital Thursday evening.

MISSISSIPPI IS FALLING.

Memphis, Tenn., March 6.—The river has fallen one-tenth of a foot here in the last twenty-four hours. There is a great volume of water to come from the Ohio and Mississippi, but if the fall continued the chances of a big flood will considerably be lessened.

MYSTERY BAFFLES BUFFALO POLICE

Seem to be Making No Headway in Solution of Burdick Murder.

NO ARREST YET IN SIGHT

Woman Who Has Been Under Surveillance Dropped from Calculations.

Buffalo, N. Y., March 6.—Despite the fact that the police and the officials of the district attorney's office have declared repeatedly and continue to assert that they were morally certain of the identity of the person who murdered Edwin L. Burdick and that that person was a woman they still hesitate to make a decisive move. Suggestions that might give a clue to the motive for the murder have been eagerly sought and sifted. Innumerable clues have been followed. The police say many of these have strengthened their suspicions until they are almost positive of the identity of the murderer, but material evidence is lacking. Other clues have either led to nothing or resulted in more mystery. The police are less communicative today and there is a widespread feeling that they are at a standstill for the present at least.

In theory the police are in a position to lay their hands upon the murderer at any moment, but in direct evidence that would warrant an arrest they are no nearer the solution of the mystery than they were one week ago when the murder was discovered.

An official in a position to know the exact situation said:

"In actual evidence which would support an arrest we are as badly off as we ever were. At the same time we are morally certain who the murderer is."

NO ARREST AT ONCE.

"Do you expect an arrest today?" he was asked.

"No, not today nor tomorrow, nor the next day."

"When do you expect an arrest?"

"When facts that would convince a jury are found to substantiate our theory. We must have strong evidence when we arrest anybody for we know that as soon as an arrest is made lawyers are standing ready to apply for a habeas corpus writ to rush us into court and make us disclose our case at the first jump."

"Does suspicion still point to a woman?"

"It does. It points to one who had to meet expenses amounting to about \$100 a month without any visible means to meet them."

"Will you name her?"

"We will name no names until it is written in the warrant charging the person with murder in the first degree."

Perhaps the most interesting development in connection with the crime itself is the interview given by Dr. Marcy in which he says that the victim's head was not only beaten to a pulp, but that the murderer carefully wrapped a quilt around the murdered man's body to smother any possible outcry. If the blows on the head had not been fatal the victim certainly would have smothered in the tight folds of the quilt around his head and the upper part of the body.

PAINE GETS LAWYER.

W. E. Webster, of Batavia, who was one of the attorneys for Howard Benham, has been retained by Dr. Seth T. Paine. He does not say specifically that he is retained in view of any complications involving Mrs. Paine in the Burdick murder case, but in an interview he showed that he has been in constant consultation with Dr. Paine and stands ready to act promptly if any act of the Buffalo authorities should threaten the liberty of his client's wife. Mr. Webster protested strongly against the action of the police towards Mrs. Paine and declared that they dare not arrest her.

Attorney George C. Miller, who drew Burdick's will and now has the document in his possession, had a talk with the district attorney today. He also talked with Assistant Chief of Detectives Cusack. Mr. Miller wanted to know what was contained in the report on the autopsy. He got the desired information. It was explained that it was presumed Mr. Miller wanted the information for the purpose of carrying on the affairs of the estate.

INTERESTING ADMISSION.

Today Mr. Cusack made an interesting admission regarding one of the details of the murder case on which heretofore he has not talked. Mr. Cusack was asked if the authorities had determined on the kind of

weapon that was used in committing the murder.

"They have not," he replied. "I am satisfied, however, that the putter was not used in committing the murder. A statement that the putter was used was made, but I do not believe that was the instrument."

He had no fixed opinion as to what kind of a weapon was used and he was not sure that it was carried away from the house by the murderer.

The name of a woman which has been under the searchlight of the authorities for several days, it is said, has been dropped. The material evidence which the police have been expecting has not been found and they have been brought to bay in that direction.

BRIDGE WORKERS BEGIN BIG STRIKE

Thousands of Employees of the American Bridge Company Leave Their Work.

Philadelphia, March 6.—A general strike against the American Bridge company has been called by the executive board of the International Association of Bridge and Structural Iron Workers. This general order includes all construction work in the hands of the company throughout the United States and Canada and involves thousands of men in all sections.

When the order was received by Housemills and Bridgemen's union No. 18, of this city, strikes were called on all operations where American Bridge company iron was used in construction, although the erecting contracts were in the hands of general contractors who purchased the iron from the American Bridge company.

Frank Buchanan, general president of the International union, and another member of the executive board, came to this city last night. As the result of a conference between representatives of several contractors and the business agents of the local union, the men were ordered back to work today on operations in this city not being needed by the American Bridge company.

The American Bridge company is said to have large construction contracts at many points. It is stated here that in New York 1,500 men are idle, while Pittsburgh, Albany, Buffalo and St. Louis are said to be seriously affected.

The union has taken steps to prevent, if possible, the subletting of construction contracts.

GIVES FORECAST OF COAL STRIKE VERDICT

A New York Paper Says Miners Will Get Advance—Scoring for Operators

New York, March 6.—The Herald prints the following as a summary of the findings of the coal strike commission appointed by President Roosevelt which, it is expected, will be handed to the president within a week.

There will undoubtedly be at least a 10 per cent. advance in the pay for mining, to take effect from the time the miners returned to work last October. The per diem, employees will not have their wages increased, but will be recommended for the same pay for a day of nine hours.

The system of pay will be regulated. Wherever practicable, the operators will be required to pay by weight, instead of by the car, and elsewhere by the lineal yard. The miners will have check docking representatives at their own expense. This will practically amount to a second increase in wages.

There will be indirect recognition of the union, which will come when the findings are submitted by President Roosevelt to John Mitchell, as president of the miners' union.

The causes of the strike as found by the commission will not be comforting to the coal mining companies.

The boycott will be condemned, and the principle will be laid down that a miner has a right to work without molestation, even though he does not belong to the union.

The terms of the verdict are to hold good for three years, and recommendations are to be made for settlements of wage and other questions at the end of that period.

In local disputes the operators will be advised to treat with committees of the miners, and there may be a suggestion for local boards of arbitration.

Mrs. Kate Shaw left today for a visit with relatives in Chicago.

TALKS HALF HOUR ON THE SCAFFOLD

Negro Hanged at Duluth, Minn. Shows Remarkable Nerve While Facing Doom.

MAKES LONG HARRANGUE

Gave Each Deputy Sheriff a Rose—Executed in the Court Room.

Duluth, Minn., March 6.—In the same court room in which he had been convicted of the murder of his sweetheart, Charles E. L. Henderson, a negro, was hanged at 2 o'clock this morning.

The prisoner, while striving to appear indifferent, displayed a calmness in the face of his doom that filled spectators with a feeling of awe.

To each of the deputies the prisoner, as if he were an attentive host, he handed roses. To Sheriff Butchart he gave a testament, remarking quietly as he did so: "I want about thirty minutes to talk." The sheriff nodded assent and then, without a tremor in his voice, the murderer began his address. He expressed no sorrow for his deed, and said that it would come out that the crime was not premeditated. After talking for about half an hour he turned to the sheriff, straightening up, and said:

"I am ready."

He held his hands behind him for the cuffs, and the black cap was adjusted. The execution followed.

The crime for which Henderson paid the death penalty was the murder on June 21 last of Ida McCormick, his mistress. He had gained entrance to her rooms unknown to her and secreted himself in a closet. While there he overheard Miss McCormick declare that she loved Henderson no more and that another had gained her affection. Suddenly he burst through the door and with a huge knife in his hand plunged it into the woman seventeen times. Henderson, following his conviction, addressed a long plea in verse to the governor, speaking of his (the prisoner's) services in the Spanish war, and asking for a pardon.

MET DEATH FIRMLY.

Botineau, N. D., March 6.—William Rose was hanged here today for the murder of Thomas Walsh on July 5, 1902. Rose walked to the scaffold bravely, bade good bye and expressed sorrow for his crime. Rose was asked before the trap was sprung who killed Lemay and answered, firmly, "Carl Hanson."

The murder of Napoleon Lemay in this county last year is still something of a mystery and it was suspected that Rose at least knew who committed it.

AGUINALDO PROMISED TITLES OF NOBILITY

His Government Not to Have Been Republic—His Dispatches Published.

Washington, March 6.—The bureau of insular affairs of the war department has just published a pamphlet of forty-eight pages, giving the telegraphic correspondence of Emilio Aguinaldo from July 15, 1898, to February 28, 1899, the period just prior to the fall of Manila and following the outbreak of hostilities between the United States forces and the insurgents. These telegrams were recovered by Capt. John R. M. Taylor, of the Fourteenth infantry, among a mass of papers captured from the so-called insurgent government.

They are sufficiently complete to show that the insurgent leader leaned strongly upon others for advice and counsel; that there was serious opposition to his authority even among his own people; that an attack upon the Americans at Manila had been fully decided upon before the outbreak of hostilities on February 4, 1899, and that in the event the struggle should prove successful the new government that would have been created would not have been a republic, for titles of nobility were on January 14, 1899, promised to certain insurgent officers as a reward for entering Manila and capturing the American forces and their officers.

Emmons Van Tilburg returned last evening from Indianapolis.

ONE MINUTE

One Minute Cough Cure does not pass immediately into the stomach, but lingers in the throat, chest and lungs, producing the following results:

- (1) Relieves the cough.
- (2) Stops the breathing easy.
- (3) Cuts out the phlegm.
- (4) Draws out the inflammation.
- (5) Kills the germs (microbes) of disease.
- (6) Strengthens the mucous membranes.
- (7) Clears the throat.
- (8) Relieves the feverish conditions.
- (9) Removes every cause of the cough and the strain on the lungs.
- (10) Enables the lungs to contribute pure life-giving and life-sustaining oxygen to the blood. Cures Croup and all Cough, Lung and Bronchial Affections.

COUGH CURE

Prepared by E. C. DeWITT & CO., CHICAGO

SOLD BY MEYER BROS. & CO., DRUGGISTS.

TAKE TIME BY THE FORELOCK

and find out our plans of making loans. It will interest you and may be convenient in saving you from calling on personal friends.

We make loans on furniture, pianos, horses and wagons, or any like chattels, and leave the property in your possession.

WE WILL LOAN YOU ANY AMOUNT FROM \$5.00 UP.

50 cents is weekly payment on \$25; \$1.15 weekly payment on \$50; \$2 is weekly payment on \$100. We have a monthly payment plan also.

We give you from one month to one year to pay your loan. ALL BUSINESS PRIVATE AND CONFIDENTIAL.

We have private offices for transaction of business. No trouble for us to give you full particulars as to our plans of making loans.

FACE BADLY CUT BY BROKEN GLASS

Motorman Waterson, on Interurban, Meets With Peculiar Accident.

W. Waterson, a motorman in the employ of the Fort Wayne and Southwestern Traction company, was painfully injured a short distance west of the city at 6:40 o'clock this morning, and is now a patient at Hope hospital.

Waterson took the car "Indiana" out of Fort Wayne at 6 o'clock this morning, and when near the Bash farm the trolley wire above his car broke. One of the loose ends of the big wire whirled against the glass window in front of the motorman, shattering the glass and throwing a shower of the particles of glass about him. Several of the fragments were driven into Waterson's face, cutting half a dozen gashes, one or two of them quite severe. Other particles of the glass penetrated one of the man's eyes, though it is believed the sight can be saved. He was hurried back to the city and removed to Hope hospital, where a surgeon dressed his injuries.

LINE IS OPEN AGAIN.

The ditching of an interurban car at Jefferson and Fulton streets at noon Thursday served to completely tie up the terminal mile of the Southwestern line, not a car reaching the downtown station in this city from noon until 7:30 o'clock Thursday evening. The wrecking crew met with a long series of obstacles in getting the ditched car back upon the rails. Meantime cars were running on regular schedule from Broadway westward. Down at the terminal station the impeded traffic resulted in an express blockade that required several cars to clear away.

USED "KNOCKOUT" DROPS.

Chicago, March 6.—Joseph Moore, implicated in the killing of George Howard, a printer, by the use of "knockout" drops, in the confession of John Lyons, was returned to Chicago from St. Louis yesterday and is now in jail awaiting trial. James Bray, also mentioned in connection with the killing, was brought back with Moore. The three men are to be tried for a murder which was committed three years ago, and which would never have been exposed had it not been for the disturbed conscience of John Lyons. The self-confessed murderer tells a sensational story of the series of robberies which were accomplished by the means of "knockout drops," which would put the victims to sleep so they might be robbed without any show of resistance. Lyons says his gang was only one of a number that operated some years ago, using chloral to rob strangers who were found in saloons. Lyons is a victim of consumption, and the police think he has not long to live.

CAUGHT IN THE SHAFTING.

Marion, Ind., March 6.—Hugh Gillen, a well known member of the Marion Soldiers home, was caught in a line shafting in the laundry at the home yesterday and received injuries which resulted in his death. The shaft was making more than 100 revolutions to the minute, and his body was whirled about and beaten against the crossbeams of the framework of the building for several minutes before the machinery could be stopped. When Gillen was taken from the shaft he was unconscious. His head was crushed and his body lacerated in several places. Gillen was foreman of the home laundry, in which capacity he has served for five years. He served in Company I, One Hundred and Eighty-eighth New York infantry, during the civil war. His relatives live at Columbia City, Ind. Gillen was a prominent Mason, and last fall took the Shriner degree at Indianapolis. He was also a member of the Knights of Pythias lodge.

QUIET IN HONDURAS.

Washington, March 6.—The secretary of the navy has received a telegram from Rear Admiral Glass, commanding the Pacific squadron, saying that all is quiet at Amapala, Honduras, and that reports from the interior of the country indicate the success of Bonilla, the insurgent leader, and the restoration of peace shortly. In view of the assured safety of American interests Admiral Glass added that his fleet would leave Amapala today for Acapulco, presumably intending to return to San Francisco. The fleet consists of the flagship New York and the cruisers Boston, Marblehead and Ranger.

ONE KILLED; ONE INJURED.

Akron, O., March 5.—William Crockett was instantly killed and George Foss had his left leg broke at the plant of the Webster Camp and Lane company. The men were operating a crane when the supports which held it in place broke, allowing a huge crank to fall on the two men. Crockett's neck was broken.

GRAIN DEALERS TO KEEP UP THE FIGHT

Defeat of Railroad Commission Bill Not Discouraging—A Meeting Here

Grain dealers from Northern Indiana and Northwestern Ohio to the number of twenty-five or more held a meeting at the Wayne hotel Thursday evening to transact the regular business of the association. The members did not arrive until 4 o'clock Thursday afternoon, and the meeting was held with little publicity. None of the business, it is said, was of public interest.

The members of the association are somewhat disappointed, though not discouraged, at the defeat of the Wolcott railroad commission bill, designed to secure what the grain men deem a more equitable adjustment of arrangements with the railroad companies regarding freight rates, switching conditions, etc.

"We shall continue the effort for the enactment of the bill," said a prominent member of the association, "for we regard it as of vital importance not alone to grain dealers, but to other business men and extensive shippers generally. We were simply too late in beginning our campaign this time, for the session of the legislature was half over before our bill was drafted. But we had a lot of fun, anyway, and the law is bound to come sooner or later."

MAYORALTY BATTLE IS ON IN CHICAGO

John M. Harlan and Graeme Stewart Contesting for Republican Nomination.

Chicago, March 6.—Republican primary elections for delegates to the city, judicial and ward conventions are being held in Chicago today, the polls opening at noon and closing at 7 p. m. The chief interest centers in the selection of delegates supposed to favor the nomination of either Graeme Stewart or John M. Harlan, the rival candidates for the mayoralty nomination. Mr. Stewart, who represents the "regular" element of the party, is a prominent merchant and a member of the republican central committee. Mr. Harlan is a well known lawyer and son of Justice John M. Harlan, of the United States supreme court. He is an "independent" and has been making a whirlwind campaign, bitterly attacking the so-called Lorimer-Jamieson machine, which has endorsed Stewart's candidacy. Mr. Harlan in two previous campaigns ran independently for mayor, making in both instances a formidable fight.

KING'S HORSE BEATEN.

London, March 5.—King Edward's Ambush II, his majesty's candidate for the Grand National steeplechase to be run at Liverpool March 27, was defeated today in the race for the grand military gold cup at the Sandown park steeplechase meet by his stable companion, Marpessa. The king went to the course in expectation of seeing his horse, which was a hot favorite, show considerable improvement over his form at Kempton park, when, January 30, he was unplaced in the stewards' steeplechase. Ambush II, however, was only able to run third out of four starters.

FUNERAL OF GEN. FOSTER.

Indianapolis, Ind., March 6.—General Robert Sanford Foster was buried at Crown Hill today with military honors. The body lay in state at the capitol for two hours and was viewed by several thousand persons. The honorary pall bearers were Gen. Lew Wallace, Admiral Geo. Brown, Gen. McGinnis, F. D. Meacham, Col. Oran Perry, Senators Starr and Lawler, S. P. Blount, Captain W. A. Ketcham and Charles W. Smith. During the hours when the body was lying in state and was being conveyed to the cemetery, all public offices were closed. Many business houses closed also as a tribute of respect to Gen. Foster.

E. S. Philley, of Celina, Ohio, formerly Lake Shore agent here, is in the city on business. Mr. Philley is proprietor of a bending works at Celina and manufactures wood carriage parts.

HE HAD A LOAD AND LOOKED THE PART

A Weary Jagster Was on His Way to the Cure—News of the Police.

William Blaine, noticeable chiefly for the prodigious size of his collar and the remnants of a jag which hovered on his breath, stood up with difficulty and pleaded guilty to having been just as drunk as he could get during the last several days. He was arrested at the south depot yesterday by Officer Knock, and after being locked up said that he was a railroad man from Grand Rapids and that he was on his way to Plymouth to take the Borton jag-cure, but had got side-tracked when he reached Fort Wayne and had looked on various beverages which sparkled in the cup. His statement was partly borne out by a letter from his wife, received by Superintendent Gorsline. The letter was dated at Rockford, Mich., and stated that on March 2 Blaine had left home to go to Plymouth to take the cure, but that up to 8 o'clock last night he had not reached there, as she was informed by a telegram. She continued that as he was addicted to drink and had gone by way of Fort Wayne, "it was not improbable that he had reached headquarters." She requested information. This morning Blaine modified his statement some and said he had been running a dray at Rockford, and produced a letter from his father directed to the Plymouth institute, requesting the people there to cure the son and send the bill to him. The judge asked Blaine whether he was willing to go to Plymouth and he said he was. Accordingly he was sent below until train time, when Superintendent Gorsline took him to the Pennsylvania depot and put him aboard the cars and then notified Mrs. Blaine what he had done.

Clarence Allen, a lad of nineteen, was held to answer to the charge of stealing a mouth harp from Charles Morkus, proprietor of the Boston candy kitchen, on Calhoun street. Allen is a player and frequently visits the candy kitchen and plays on Morkus' instrument. Yesterday he used it and then put it in his pocket, telling Morkus he had put it back in the case. Morkus discovered his loss and went after Allen and a scuffle ensued, but the mouth harp was returned. Allen pleaded not guilty and seemed considerably overstocked with monkeys when he made his statement. He said: "We was a-monkeyin', jist a-monkeyin', and while we was monkeyin' I stuck the mouth harp in my pocket jist to monkey with Charlie a little. He orter knowed we was jist a-monkeyin', 'cause we often monkeyed like that before. We had been monkeyin' in the back room, kind o' rastling and monkeyin' around an' he didn't seem to mind our monkeyin' back there, an' then we came out front an' monkeyed around, an' I commenced monkeyin' with the harp, an' jist a-monkeyin' I stuck the harp in my pocket, jist a-monkeyin', you know. I didn't intend to keep the harp an' was jist a-monkeyin', jist monkeyin' fer fun." That bunch of monkeys was too strong for the judge, who dismissed the case.

Patrick Cunningham, a gentleman with the map of Ireland all over his face and a cluster of Shamrocks in his brogue, was charged with vagrancy. "I think, sor," said he, "thot I'll hev to plade guilty th' charge, sor."

"That'll be five dollars and costs," said the judge.

"I thank you, sor," said Patrick. Joseph Fair, living near the corner of Coombs and Cochrane streets, who has had frequent family disturbances, has been drunk for several days and has made things rather lively around the Fair domicile. Yesterday after thinking the matter over he concluded to commit suicide and accordingly sent his son to a neighboring drug store for some morphine, he having decided to patronize that route. Before delivering his purchase the boy was waylaid by the mother and the drug was taken away from him. Fair then concluded to sober up.

Thursday evening at 6 o'clock a shot was fired through the window of a mail car on the Atlantic express, eastbound, on the Wabash road as the train was passing under the Gay street bridge. No damage was done, save the perforation of the window pane, the bullet lodging in the side of the car near the floor, showing that the shot was fired from above. A gang of boys, which the police have been unable to disperse, frequents the neighborhood and frequently annoys the crews of passing trains, but this is the first time that firearms have been used. Officers Collins and Kreuckenberg were detailed on the case, but were unable to find any clue, much less to reach any conclusion.

A morning paper has a sensational story concerning an alleged forger who was arrested in the Fruit house by an Indianapolis detective just as he was attempting to pass a forged check. The story goes on to relate that President Ed. White, of the Fruit house, would neither affirm nor deny the story and allowed the Indianapolis detective to take the man away rather than to disclose the facts. Mr. White is considerably annoyed by the story and said to The Sentinel: "What I'd like to say about that reporter wouldn't look well in print. I told him plainly, absolutely, positively, that I knew nothing of the occurrence, and after a little investigation told him that no one about the place knew anything of it. Didn't affirm nor deny it! I denied it as emphatically as I could, and the story is absolutely false and without any foundation whatever."

AT THING'S

NOTICE.

Proposals will be received by the Board of Public Works at 3 o'clock p. m., Monday, March 9, 1903, for furnishing the city oak lumber required by the street department for street, bridge or sewer purposes. Specifications may be seen or further information obtained at the office of the Board of Public Works. By order of the Board of Public Works, A. M. SCHMIDT, Clerk.

that President Ed. White, of the Fruit house, would neither affirm nor deny the story and allowed the Indianapolis detective to take the man away rather than to disclose the facts. Mr. White is considerably annoyed by the story and said to The Sentinel: "What I'd like to say about that reporter wouldn't look well in print. I told him plainly, absolutely, positively, that I knew nothing of the occurrence, and after a little investigation told him that no one about the place knew anything of it. Didn't affirm nor deny it! I denied it as emphatically as I could, and the story is absolutely false and without any foundation whatever."

CITY BREVITIES.

E. M. Wasmuth, a Roanoke merchant, is in the city.

Scott Cole is among the Hunting-ton visitors in the city today.

Postmaster W. W. Williamson, of Columbia City, is in Fort Wayne on a business trip.

Bernard J. Stanley, the president of the Athletic Literary High School club, has resigned.

Mrs. Louis Schmidt and Miss Anna Eckart are the guests of Mrs. Adolph Ober, in Chicago.

Mrs. Luther Benedict, of Ossian, Ind., is visiting at the home of A. O. Glass, on West Main street.

"The Golden Crown" will be the subject of Rabbi Cohn's sermon at the Jewish temple this evening.

Mrs. F. W. Shiller, who has been the guest of friends in the city, left today for her home in Kansas City.

Mrs. J. F. Wing will entertain the South Side Aid society on Monday afternoon, assisted by Mrs. M. L. Jones.

Fred Buhr, the East Wayne street grocer, now drives a fine span of grays, which he purchased last Monday.

The Junior Endeavor society of the South Congregational church will give a "mum social" at the church this evening.

Messrs. H. F. Durham, of Milwaukee, and E. W. Connell, of Goshen, are in the city to give demonstrations of a new fire extinguishing apparatus.

The dance given last evening in Saengerbund hall by battery B was attended by a larger crowd than has been present at any of the dances previously given. The closing dance of the series will be given on March 19 at the same place.

Mr. and Mrs. Cromley were given a farewell surprise party by a party of friends last evening. A three course dinner concluded an evening of rare enjoyment. Mrs. Jones and Mrs. Anderson, from Huntington, were guests from out of the city.

The General Culture club met at the home of Mrs. S. E. Hamlet, 229 East Pontiac street, Thursday afternoon, and at the conclusion of the business session the club, under the leadership of Mrs. R. C. Hauck, discussed "Julius Caesar" as a work of art and drama. Mrs. B. F. Sarver and Isabel Bradley were admitted to full membership. The club at its next meeting will begin the study of "Antony and Cleopatra," and will meet at the home of Mrs. A. E. Houk, 222 East Pontiac street.

IRA D. SANKEY ILL.

New York, March 6.—Allan Sankey, son of Ira D. Sankey, the singing evangelist and former associate of Dwight L. Moody, speaking today of his father's illness, said he had been ill for some time, the result of overwork. An eye disease developed and an operation was performed. On account of Mr. Sankey's weakened condition the disease did not yield readily to treatment. He is now improving, however, and the hope was expressed that he would ultimately recover.

\$1,500,000

5% SERIAL GOLD DEBENTURE BONDS

ISSUED BY

Deere & Company,

(ESTABLISHED 1847)

Manufacturers of Steel Plows, Moline, Ill.

Coupon bonds of \$50 and \$100 each, with provision for registration as to principal. Dated November 1st, 1902. Optional on interest days, at 105 and interest.

Principal and Semi-Annual Interest Payable at The First National Bank of Chicago, or the First National Bank of New York.

FINANCIAL STATEMENT.

Assets	Liabilities
Total assets \$5,118,335.56	Only indebtedness (in addition to this issue of bonds) \$392,333.50

The NET assets of the company, therefore, exceed FIVE TIMES the bonded debt.

INCOME.

Average NET annual profits for the last five fiscal years	1904-1912
\$640,916.27	

This is more than EIGHT TIMES the maximum annual interest charge and over THREE TIMES the annual requirements for both principal and interest.

Special circular, containing price and full particulars upon application.

Peabody, Houghteling & Co., First National Bank of Chicago, 172 DEARBORN STREET, CHICAGO.

SHORT OF MONEY.

Are you ever short of money? If so, call and see us. We can accommodate you immediately, and at very low terms. You can borrow money from us on your furniture, piano, team, fixtures, or other personal property of value, without removal. You can pay it back weekly, monthly, quarterly or as you may desire. You will have the use of both the money and the property. If you owe a balance to any other loan firm or furniture store, we will advance you the money to pay them off. You can also get some additional money for other purposes, if you wish.

Here are some of the terms of our new weekly payment plan, allowing you fifty weeks in which to pay off your loan:

- 60 is a weekly payment on a \$25 loan.
- \$1.20 is a weekly payment on a \$50 loan.
- \$2.40 is a weekly payment on a \$100 loan.

You can get any other amount for the same time at the same proportion. Call on us when you need money. Applications by mail or phone receive our prompt attention.

Winter Eczema OR TETTER

Is one of the many varieties of that terrible disease called Eczema. It slumbers through the summer and breaks out in winter. The head, feet and hands are the parts most often attacked, though it sometimes appears on other parts of the body, the skin hardens, cracks open and bleeds, while the itching and burning is at times almost unbearable. Scratching only makes it worse, sores and scabs forming where the skin is broken.

SKIN CRACKS AND BLEEDS

It is especially painful and severe when confined to the hands, which often become so badly affected that the sufferer is unable to perform the lightest work. This, like all other types of Eczema, is due to acid poisons in the blood and not to local causes. The trouble is more than skin deep, and washes, soaps, powders and salves nor anything else applied to the surface can possibly do more than soothe the burning and itching or relieve temporarily the inflammation and pain.

It is the acids thrown off by the blood and which are forcing their way through the pores that cause the skin to harden, crack and bleed, and produce the irritation and soreness.

SSS

S. S. S. neutralizes these acid poisons and cleanses the blood of all irritating substances and humors and does it promptly and effectually. S. S. S. purifies and invigorates the thin acid blood, and builds up the entire system; then the unsightly eruption and sores heal, the skin becomes smooth and soft, and all signs of the Eczema disappear.

CATARH CURED BY DRY AIR

HYOMEI MEDICATES THE AIR YOU BREATHE, KILLS THE GERMS AND CURES THE DISEASE.

Hyomei cures catarrh thoroughly and permanently, because it reaches the smallest air cells in the head, throat and lungs, kills the germs causing the disease and drives it from the system. Hyomei goes to the root of the disease, destroys the cause, and makes permanent cures which can be effected in no other way. Breathe it for a few minutes four times a day and benefit will be seen at once. Continue this treatment for a few weeks and Hyomei will have cured you.

The Hyomei in the inhaler furnished with the outfit dries and sterilizes the air you breathe. It is a local and direct treatment for eradicating all catarrh germs in the mucous membrane and tissues and in this way cures catarrh in any part of the system. Used in connection with Hyomei Balm it has been successful in curing the worst and most deep-seated cases of catarrhal deafness.

A. W. Clark, of Everett, Mass., writes: "I have spent a fortune on different treatments for catarrh and could not hear across the table. After using Hyomei and Hyomei Balm for eight days I can hear as well as ever."

Stronger than any claims that can be made in an advertisement is the fact that Meyer Bros. & Co. will give their personal guarantee with every Hyomei outfit they sell to refund the money if the purchaser can say that Hyomei has not given satisfaction.

JEFFRIES MATCHED TO FIGHT CORBETT

The Big Boxers Meet and Sign Articles for a Battle for Championship.

Baltimore, Md., March 6.—James J. Corbett and Billy Delaney, the latter representing James J. Jeffries, met here last night and signed articles for a fight for the heavyweight championship of the world. It was agreed that the contest take place in California in July or August, 1903, under the auspices of the athletic club offering the largest purse.

The men are to spar twenty rounds to a decision, the winner to receive 75 per cent. of the purse, the loser to take 25 per cent. Bids are to be sent to Harry Corbett, San Francisco, accompanied by a certified check for \$5,000; duplicate bids to be sent to Tom O'Rourke in New York. Bids for the contest are to be opened April 1, 1903.

The club securing the contest must deposit a certified check for the entire purse ten days before the fight. It was also agreed that the contestants should deposit certified checks for \$2,500 in the hands of someone to be decided upon later at the time the offer of the club offering the largest purse is accepted.

There was considerable talk between Corbett and Delaney as to the sort of bandages which the principals should wear during the contest, but they finally got together and agreed to use only the soft tape which nearly all boxers use.

The agreement, which is rather lengthy, is signed by James J. Corbett and "Billy" Delaney. The witnesses are Thomas Corbett and Robert Deady.

Wilbert Robinson, the Baltimore base ball catcher, was present at the conference, which was held in a private room connected with his cafe here.

BUTTE WILL HAVE BATTLE.

New York, March 6.—Clark Ball, manager of Jack Munroe, the Butte miner who is training here for his wrestling match with Tom Jenkins, announced today that both Munroe and Tom Sharkey have accepted the offer of the Butte club of a purse of \$10,000 for a fight there some time in July, the club to decide upon the date within thirty days of the contest.

It is the Broadway Athletic club that is carrying on the negotiations through its matchmaker, Guy Adams, and the latter has been wired to forward the articles of agreement at once for the fighters' signatures. The only request the fighters made is that the club post a forfeit of at least \$5,000 to guarantee its ability to decide the contest as agreed, half of that amount to go to each fighter should the club fail to keep its word.

ROOSEVELT SNUBS CARMACK.

Chattanooga, Tenn., March 6.—It is learned that a few days ago, when a delegation of Tennesseans, including all the members of the Tennessee congressional delegation except Senator Carmack and Congressman Moon, called on President Roosevelt at the white house to urge the appointment of William S. Morgan, formerly secretary of state of Tennessee, as an isthmian canal commissioner, he told the delegation he would see Senator Carmack in hades before he would give him any patronage. This declaration was gratuitous on the part of the president. Senator Carmack had asked him for no patronage.

FARMER STRUCK IT RICH.

Alexandria, Ind., March 6.—The largest oil well in the Alexandria, Fairmont or Marion field was brought in by the Manufacturers' Gas company, of Indianapolis, yesterday, on the William Reife farm of twenty acres, three miles northeast of Summitville. After the well was shot it was timed by a watch. In eighteen minutes it produced seven and one-half barrels of oil, or over 600 barrels a day. Reife would have sold the tract a few days ago for \$1,500, but his royalty on the oil will, if the production of the well keeps up, bring him over \$3,000 a month. It is thought that the well will make 450 barrels a day for some time.

BUILDING NEW CARS.

The Fort Wayne Traction company has begun the construction of six new cars of the Belt line pattern and one car has been completed and is about ready to be sent to the paint shop. Unlike the present Belt line cars, which are the old one, remodeled, the cars now being built will be entirely new. They are to be put in service on the new extensions to be built this summer.

DIED OF NATURAL CAUSES.

New York, March 6.—The mystery surrounding the death of the woman whose body was found in a furnished room house in West 37th street last night was partly cleared today by the statement that a physician had examined the body and told the police the woman probably had died of natural causes. In connection with the statement of the man with whom the woman came to the house Sunday, when the room was engaged for her, that they came from Chicago, the police reported today that a check for a sleeping car berth on the Michigan Central was found among her effects. The man paid for the room and after handing the woman some bottles of dark liquid the landlady's sister says she heard him say: "Don't forget to take this medicine. You know I am a physician." One of the bottles was found empty. The police are looking for the man.

BIG HOTEL BURNS.

Watertown, N. Y., March 6.—Fire today destroyed the Otis house, one of the largest hotels in this city and completely gutted the numerous stores in the block. The hotel was crowded with guests and many narrow escapes were reported. Peter W. Van Brunt, of this city, was confined to his bed on the fourth floor, sick, and was let down by ropes. All the other guests were rescued by means of fire escapes and ladders. Had the fire occurred at night a great loss of life would undoubtedly have occurred. The flames partially destroyed the Fairbanks block adjoining the hotel. The total loss is estimated at \$200,000 and is two-thirds covered by insurance.

DEATH-KNELL OF STRIKES.

New York, March 6.—"If the Wabash railroad company can sustain its position the death-knell of strikes on inter-state railroads has been sounded." This is the opinion expressed in financial circles here on President Ramsey's action in obtaining an injunction against the Wabash workmen. It was pointed out that the obligations of carrying companies to the inter-state commission has never before been interposed as a legal bar to strikes. Should the injunction be made permanent a hard blow would be struck at labor organizations.

WILL GO WEST.

The Indianapolis Sentinel's Washington correspondent says: "Representative Robinson, who departed for Fort Wayne today, will accompany a party of prominent democrats who are going to make a thorough tour of Arizona, New Mexico, Oklahoma and the Indian territory in April to investigate the qualifications of those territories for statehood. Mr. Robinson said he could not give the names of the other members of the party at this time. Representative Hemenway, Miers, Crumacker, Landis and Zenor left for Indiana today."

Decatur Democrat: Mr. and Mrs. E. T. Jones will visit with Mrs. T. F. Austen at Fort Wayne for a few days this week.

IN NORTHERN INDIANA.

Nicholas Minger, 78 years of age, is dead at Vera Cruz, Wells county. Allen Bailey, nearly 75 years of age, is dead at his home near Hecia, Whitley county.

Mrs. William Ramp is dead at Columbia City at the age of 65 years. She located there in 1853.

Prosecutor F. L. Welsheimer, of Auburn, is ill with smallpox. He contracted the disease at Indianapolis.

Walter M. Haynes is now president of the People's bank at Portland, succeeding the late Judge Jacob M. Haynes.

A fire in the Mayor block at Montpelier did considerable damage Wednesday night, the telephone exchange being among the sufferers.

Frank Pontius, a prominent citizen of Wolcottville, is dead. During the civil war Mr. Pontius was a member of battery A, First Indiana heavy artillery.

While operating a buzz-saw in Thornecreek township, Whitley county, John Pritchard, 45 years of age, had his right hand fearfully mangled.

School authorities at Logansport are making a crusade against boys who carry revolvers. It developed that many of the pupils were in the habit of carrying the weapons.

Charles Lehman, a teacher and constable in Middlebury township, Elkhart, is under bond on a charge of having robbed a store at Middlebury. Lehman denies the charge.

Traces of the flight of the robbers who looted the Garret postoffice have been discovered east of Waterloo. Among the souvenirs picked up there was the till of the safe blown at Garret.

A plan is on foot to organize a fair circuit in northern Indiana. It is proposed to include North Manchester, Laporte, Rochester, Huntington, Decatur, Bourbon and Bremen and possibly Wabash.

The assessor of Marshall county has just effected a settlement of the taxes upon the Samuel Miller estate, which have been accumulating since 1881. The estate agrees to pay taxes upon more than \$112,000.

Dr. John W. Bugh, a pioneer citizen of Bluffton and very widely known, died Thursday morning at the age of 77 years. He had been a paralytic for two years, and almost continuously confined to his bed.

A. J. Stephenson, who was the first conductor on the Lake Shore railroad between Goshen and Elkhart in 1852, has just died at Council Bluffs, Iowa, aged seventy years. During the early sixties he was in the hardware business at Warsaw.

Down in the southern part of Wells county, where the temperance people are cleaning out the saloons, the toppers have discovered a patent medicine which taken in good-sized "doses" will intoxicate, and are buying it in large quantities.

Louis F. Shank, thirty-five years of age and a former Goshen mail carrier wanted there for forgery, was killed in Utah a few days ago while switching cars. Until after his death the authorities had no clue to his whereabouts.

The local freight train on the Grand Rapids railroad backed down upon a buggy in which Theodore Evans was crossing the tracks at Lagrange at noon Thursday. Evans' skull was fractured and several of his ribs broken. The buggy was a wreck.

The safe at Schlosser Bros.' creamery at Bremen was blown open Wednesday night, but the robbers secured only 50 cents. This is the fifth time the safe has been robbed, and in neither case did the thieves get enough money to pay for the explosives used.

Mayor Lucas and City Marshal Worley, at Hartford City, are having a contention as to which is at the head of the police department, and each demands the mail addressed to the police department. Thus far the marshal appears to have the best of the argument.

In the circuit court at Goshen this week Deal F. Sweet was granted a divorce from Phineas Sweet. The couple separated a few years ago, and the woman believing her husband had secured a divorce, married Tom Wrench, of Elkhart. Later she discovered Sweet had not secured the divorce and brought the suit herself, fearing Wrench would be guilty of bigamy. One child had been born since the Wrench union and Wrench was in court with the babe while his wife was testifying to get free from her alliance with Sweet. Now Mrs. Wrench is going to marry her present husband for the second time in order to clear the case of possible legal entanglements. Sweet's whereabouts are unknown.

There is a great scarcity of butter and eggs on the wholesale market and grocers have been unable for the past few days to secure a sufficient quantity to supply their customers.

La Crosse, Wis., March 6.—On a warrant issued to W. W. Cargill, a multimillionaire, who bears the reputation of being the richest man in La Crosse, Judge Julius J. Hirschheimer was arrested, charged with stealing a small quantity of coal. Judge Hirschheimer is one of the oldest justices of the peace in La Crosse. He collapsed when the warrant was served and is now very ill.

MOTHER SUSTAINED FRIGHTFUL BURNS

Death of Mrs. Jellison, in Chicago Due to Explosion of Gasoline.

The death of Mrs. Teresa Jellison at her home in Chicago, noted by The Sentinel Thursday evening, proves to have been due to a frightful explosion of gasoline, and in the attempt to save her children from harm and her home from destruction Mrs. Jellison received injuries which proved fatal twenty-four hours later.

The accident occurred Tuesday afternoon, while the mother was listening to the playing of her eldest son, who was taking a lesson from his music teacher. The younger child, a boy of five years, secured some matches, entered a closet off the room and in his play set fire to some paper. This frightened the little fellow and hastily he ran out, closed the door, and approaching his mother told her he smelled smoke. Turning, Mrs. Jellison saw smoke curling from beneath the closet door, and realizing that a can of gasoline was kept in the closet, she hurriedly opened the door in the attempt to prevent an explosion. It was too late, however, and in the flash that followed Mrs. Jellison was hurled across the room, her clothing aflame. The music teacher managed to extinguish the flames, but not until Mrs. Jellison had sustained fatal burns and her own hands had been terribly burned in the effort to save her. The little son was also badly burned.

Mrs. Jellison was the daughter of Mr. and Mrs. Valentine Kintz and was born and reared in Allen county.

Consul Under Fire.

Washington, March 6.—Complaint has been made to the state department of the conduct of United States Consul W. Maxwell Greene at Hamilton, Bermuda, in connection with the casting away of the Madiana. It is alleged that the consul showed absolute indifference toward the shipwrecked passengers and took no part in their rescue. The local papers in Bermuda commented on this matter and these papers have been sent to the state department, which will institute a prompt investigation of the consul's conduct. Mr. Greene was appointed to his post from Rhode Island in 1898.

Good for Our Jimmy.

[Washington Correspondence Indianapolis Sentinel.]

Representatives Zenor, Robinson, Miers and Griffith have made a record to be proud of. Their punctuality of attendance at the sessions of the house has attracted wide attention and they have put in more hours looking after the public business than all of the other nine members combined.

No Appointment to Be Made.

It is announced that hereafter there will be but one assistant priest at the Cathedral. Heretofore there have been two or more young priests acting as assistants, but Bishop Alender is of the opinion that the parish can be looked after by two priests, and there will be no appointment made to fill the vacancy caused by the appointment of Rev. J. B. Fitzpatrick to the Goshen charge.

A Druggist's Recommendation.

Of the many cough preparations in my stock I specially recommend Chamberlain's Cough Remedy in cases of croup, whooping cough and colds of children. This medicine does not contain any poisons, such as opium, chloroform, etc., which, to say the least, are objectionable. I sell every bottle of this preparation under a guarantee to cure or money refunded, but in the many years I have handled it I have never had one returned, which speaks volumes for its merits.—Chas. B. Carl, Greencastle, Pa.

What Shall We Have for Dessert?

This question arises in the family every day. Let us answer it to-day. Try

Jell-O,

a delicious and healthful dessert. Prepared in two minutes. No boiling! no baking! Add boiling water and set to cool. Flavors—Lemon, Orange, Raspberry and Strawberry. Get a package at your grocers to-day. 10 cts.

WAYNE DRY GOODS CO.

Formerly of the Old Retail Store of Geo. DeWald & Co.

Handsome Goods

Our New Stock of White Goods and Wash Fabrics All In.

It is not only an extensive line, but one in which you will find the most beautiful patterns and qualities ever displayed in this city. It is somewhat risky to assert that the style and finish of the goods this season surpass those of last year, but it is certainly true. The best way to demonstrate this, however, is by an inspection for yourself.

You will find this especially true of the many elegant mercerized effects.

It may be mean to suggest it, but perhaps Governor Durbin wants that place in statuary hall reserved for somebody—a latter-day governor of Indiana, for instance.

Congressman Robinson has made an admirable record as a punctual, hard-working member and has served his constituents of the Twelfth district in a manner that leaves nothing to be desired.

Wisconsin wants a conference of representatives of all states held to consider the race question. The best thing to do with the race question is to let it alone. The race question cannot be solved by conferences. Such solution as it may finally come to will come in its own way. The thing to do is to aid the colored race to progress, to become educated, skilled in handicraft, the owners of farms.

We do not hesitate to predict that the Eleventh Indiana congressional district will not need much time to realize that in trading Major George W. Steele for Fred Landis it has made a bargain for which little can be said. Major Steele was one of the veterans in the house, knew all the guils and turns of law-making and the mysteries of getting what is wanted. He was a prodigious worker, popular, experienced, influential and above all, thoroughly loyal to his district. No congressman ever got more for his district than Steele. Unless "Brother Charlie" of the Ninth district chooses to reinforce the megaphone statesman from Logansport it is probable the Eleventh district will get the laugh oftener than anything else.

From the tone of such speeches as have so far been made in the present session of the senate ancient Congressman Cannon's remarks on the subject of "legislative blackmail" there is likely to be a deal of proclat oratory in the upper branch of congress concerning the duty of the lower branch to mind its own business. The senate is devoted to its rules and traditions, one of which is

that it is more important to preserve the courtesies of that body than to transact public business. Everything in the senate is sacred—even to the moss on its back—and any time anybody in the house or otherwise thinks there is opportunity to start a reform he had better think again and of something else.

A WORD ABOUT THE FAIR.

We want to protest to the management of the Allen county fair that this year there should be no huckstering of saloon and gambling privileges at the fair grounds. The state of things last fall during the fair was a lasting discredit to the community. Drinking and gambling went on wholly without restraint. Such an array of chuck-a-luck and other gambling enterprises had not been seen in Fort Wayne for many a year as was on display at the fair last fall. It was a violation of the law as well as of decency, a breach the fair management should not have compounded with at all. We hope to see the fair managed on a higher plane this year. We make this protest for the good of the community, for the better influence of the fair as a permanent institution and in behalf of the law-abiding, decency-loving people who patronize the fair. We have in mind the women and the children for whose eyes the beer-guzzling and gambling is no fit spectacle. We speak in behalf of the boys from the country, whose money goes over the gambling boards to enrich the keepers of dishonest and outlawed games. The fair can be run without these disgracing features. The big state fair at Indianapolis does not give countenance and patronage to such lawlessness and very few, if any, of the county fairs longer tolerate it. The fair will prosper without the saloon and gambling annexes. With them it must come finally to disrepute and failure.

There will be a business meeting of the Christian Endeavor society of the Third Presbyterian church this evening at the home of Miss Anna Polhamus.

WHISKEY VS. COFFEE.

A Woman Experiments.

Some families have sad experiences with whiskey. Probably twice as many families have sickness and distress caused by coffee and the cause not suspected half the time.

A woman from Tacoma, Wash., says: "One of our family had become so ill that the doctor finally pronounced him incurable from enlarged liver. He recommended a sea voyage which might prolong his life but said it was only a question of time when he would die from the disease."

He was dreadfully nervous, thin, could not sleep at night, lost flesh and strength daily and everything he ate or drank soured on his stomach. He was so weak and faint he could hardly walk about.

I finally came to the conclusion that coffee made the mischief so took coffee away from him altogether and next morning gave him Postum Food Coffee. He steadily began to get better and has never had a sour stomach from that time. He now sleeps all night where he used to suffer the agonies of death. He has gained over 20 pounds and is well and strong.

My little boy was given coffee at an early age and he began to have spells of sickness at times. I did not suspect the trouble until my experience with Postum opened my eyes, then I took coffee away from him and gave him Postum steadily. If you should see him now and see how well and strong he is you would not believe it was the same puny boy he was when he was drinking coffee.

An acquaintance of ours carried Postum with him to the gold fields of Alaska. He says he met some men up there who had run out of Postum and could not drink coffee. They offered him as high as twenty dollars a pound for the Postum. He said it was worth forty dollars a pound to him for it gave him strength to endure the hardships and that he would not part with it at any price until he could get more.

Now about my own case. I was a sick, nervous woman and did not suspect it was coffee, but from the experience I had gained about two years ago I quit coffee and took up Postum Food Coffee. My appetite improved. I can eat anything, have no indigestion, and have gained about forty pounds in the two years.

I know of a man whose eyes were so affected by coffee drinking that he was going blind. The doctor suspected coffee to be the trouble and ordered him to quit and take on Postum Food Coffee. The change produced a great change in his eyes. He gradually got better and has now left off glasses altogether. He would have been stone blind if he had not quit coffee and taken up Postum.

Name given by Postum Co., Battle Creek, Mich.

GOLDEN WEDDING IS CELEBRATED

Mr. and Mrs. Reinhard Mergel Take Anew the Vows of Fifty Years Ago.

Tuesday evening, in their pleasant home at 2420 South Harrison street, Mr. and Mrs. Reinhard Mergel, very widely known and among the most estimable of the pioneer citizens of Fort Wayne, took anew the wedding vows originally spoken fifty years before. It was the golden anniversary of their marriage, and surrounded by their children, grandchildren and great grandchildren, this venerable couple again clasped hands in the wedding service spoken now by Rev. Dr. Wagenhals, of Trinity English Lutheran church, as it had been spoken half a century before by his predecessor, Rev. Bartholomew, now long since gone to his reward.

The occasion was a most notable one and Mr. and Mrs. Mergel had originally planned to invite a large number of their friends to enjoy with them the completion of fifty years of wedded bliss. Their home is not a large one, however, and it was later determined that the observance should be more nearly in the nature of a family reunion. Thus it was that this estimable pioneer husband and wife, the center of a family circle in which the tender ties of love and esteem have grown constantly stronger with the passing of the years, celebrated the golden wedding anniversary in a most felicitous manner. There was the wedding ceremony, the magnificent dinner which followed, and the pleasant social communion as the first half century closed and the second began.

Mr. Mergel is seventy-three years of age; his estimable companion will be seventy-four during the present month, and both have always been prominent in German social circles, though by far the greater number of their associates of the earlier days have long since gone from earth. Mr. Mergel was born in Breckenridge, Prussia, Germany, February 22, 1830; came to America in 1850, and with the exception of one year spent at Lafayette, he has been continuously a resident of Fort Wayne since leaving the fatherland. He is a cigarmaker by occupation and was in business in Fort Wayne for forty-three years, the greater part of the time in the cigar and tobacco trade. He was for a time at the present site of the Somers drug store and later at Main and Calhoun streets, where the present Alter cigar store is located. But a little more than a year ago Mr. Mergel sold this building to its present owner, Mr. Hattersley. Mr. Mergel retired from active business about seven years ago and since that time has been spending his years in quiet enjoyment of his well-earned rest.

Mrs. Mergel is also a native of Germany, having been born in Hesse March 31, 1829, and at four years of age came with her parents, Mr. and Mrs. Henry J. Wisheart, to Fort Wayne. She has been twice married, her first husband having been a Mr. Deppler. Mr. and Mrs. Mergel were united in marriage March 3, 1853, the ceremony being performed in the second story of a building at Main and Calhoun streets, the first floor of which was then occupied by Mr. Mergel as a cigar and tobacco store. These apartments formed their home for a number of years. The officiating clergyman was Rev. Bartholomew, then pastor of the English Lutheran church. Later they removed to a commodious home on West Main street, near the corner of Ewing, which was their residence for many years. Here their silver wedding anniversary was celebrated twenty-five years ago in grand style, and the function is still pleasantly recalled by many friends who were guests at that time.

Mr. and Mrs. Mergel were the parents of ten children, five of whom are living, and all reside in this city. They are Mrs. F. B. Vogel, Mrs. John Bostick, Mrs. Francis A. Eickhoff, Mrs. Caroline E. Giles and Reinhard Mergel, Jr. There are also ten grandchildren and four great-grandchildren. It is one of Mr. Mergel's proud distinctions that he has been active and vigorous throughout his long life, and has never been ill enough to require the services of a physician. Mr. and Mrs. Mergel have a very wide acquaintance and countless friends who will extend the most hearty congratulations upon the completion of fifty years of wedded life together, and will express the hope that the evening of their lives may yet be prolonged through many blissful years.

TO RAISE TAX ON CHINESE.

Ottawa, Ont., March 6.—It is understood that the government intends introducing a bill next session of parliament raising the poll tax on Chinese from \$100 to \$500. This is in accordance with the request of the Chinese and Japanese commission.

W. L. Adams, of Springfield, is a business visitor in the city today.

CLAIMS TO GIVE SIGHT TO THE TOTALLY BLIND

Prof. Steins, of Paris, Says Man Sees With the Brain and Not With the Eye

Paris, March 6.—Prof. Peter Steins claims to have discovered the secret of restoring sight to the blind. The announcement is published in the Revue des Revues by Dr. Caze, who explains how Prof. Steins tested on him a wonderful apparatus of Prof. Steins' invention, by which he is not only able to restore lost sight, but to give vision to those who have never known it.

Prof. Steins took Dr. Caze into a dark room and bandaged his eyes so he could see nothing. He heard the professor walk to and fro, strike a match and light a lamp. Then he felt an apparatus fixed around his temples, whereupon he instantly saw a dim light which enabled him to distinguish surrounding objects. Presently the light became stronger and Dr. Caze was able to count the professor's fingers when they were held up before him and to enumerate other things in the room.

Just as he was feeling that his vision was clearing further and was convinced that he would soon see normally, Prof. Steins suddenly removed the apparatus and Dr. Caze was in total darkness.

Prof. Steins' claim rests on the theory that man does not see with the eye, but with the brain, the eye only serving to receive the image, which the optic nerve transmits to the seat of perception. If, then, the image can be transmitted to the brain without eyes, a blind person can see as well as anybody else.

The professor's apparatus has the same scientific basis as the telephone, with the substitution of light for sound. Dr. Caze states that several other physicians have experimented with the apparatus, but none of them is able to explain how the astounding results are obtained.

WANT TO STAY ABROAD.

Manila, March 6.—The United States transport Thomas will sail for home tomorrow, taking two batteries and four companies of artillery, the first long-service troops returning. Sixty of the artillerymen expressed their desire to remain in the islands. Seven hundred men out of five cavalry and infantry regiments ordered home have applied for transfers to commands remaining here, but General Davis is unable to comply with their requests, as the authorized strength of the regiments which remain here is already exceeded. Jas. Beahan, disbursing officer of the board of health, who was recently convicted of altering the records of the board and who was awaiting trial on the charge of embezzlement, has fled to Shanghai. The Philippine government is seeking to obtain Beahan's extradition.

HE STOLE A WATCH.

A. B. Swain, a recent employee of the Pittsburgh round house, is being looked for by Captain Stoll and his force of Pennsylvania detectives to answer to a charge of larceny. Swain was employed about a week ago and was put to work in the new round house on the night shift. Yesterday Night Watchman Platt reported that some one had stolen his gold watch from the pocket of his vest, which he had hung up while he went to the wash-room to wash up. Suspicion rested on Swain, who was very indignant at being accused, but upon being searched the watch was found concealed in his stocking. After returning the watch he was allowed to go, but Captain Stoll would not stand for the procedure and has directed him to be arrested wherever found.

CAR HIT LOAD OF RAGS.

A collision occurred between a Lakeside car and a truck belonging to Weil Bros. in front of Weil Bros' warehouse, on East Columbia street, shortly before noon today. The wagon was heavily loaded with sacks of rags and the truckman drove out of the alley and started to cross the track, not noticing car No. 104, which was coming east at pretty good speed. The car struck the wagon squarely in the middle and upset it, scattering the rags about the street. The car fender was reduced to scrap iron and the vestibule was damaged somewhat, but no one was hurt.

Winnie Donahue celebrated her seventh birthday anniversary at her home, 324 East Murray street, last Saturday afternoon, Feb. 28. The guests were her little boy and girl friends. Popcorn and taffy were the refreshments. Several beautiful presents were given by the guests.

NO KICKERS PRESENT AT BOARD MEETING

Resolutions for West End Sewers Confirmed—The City Hall News.

The board of works met last evening in regular session and the resolutions for a number of lateral sewers in the west end were confirmed without opposition, there being no kickers present to oppose the improvement. A representative of the Eureka Fire Hose company, of Chicago, was present and took an order for 500 feet of rubber hose to be used by the street department for flushing sewers. The hose was purchased for 90 cents per foot. The city engineer was instructed to prepare plans and specifications for a system of clay pipe sewers for the use of the residents of Crescent, Lake and Rivermet avenues in Lakeside, and for the same kind of a sewer in the alley between Taylor and Walnut streets, from Fox avenue to the Wash-bash tracks, and in the first alley west of Fox avenue, from Taylor street to the first alley south.

Yesterday the suit of James Reilly against the city, anent the opening of Alliger street, from Winter to Walton avenue, was dismissed in the circuit court and last night the board passed a new resolution for this improvement, changing the location slightly. A new assessment of damages will be made and on a basis acceptable to Mr. Reilly. That gentleman is not opposed to the improvement itself, but did oppose the assessment of damages for him, which it was shown was largely below the actual damage he would have sustained under the old resolution, which was rescinded.

WILL MEET TONIGHT.

Councilman Figel, chairman of the special gas committee, has called a meeting of the committee for tonight to formulate the report to be submitted to the council next Tuesday night. There will be no more witnesses examined, but tonight City Attorney Shambaugh and Court Reporter Underwood will be present to get the report into proper shape, after which it will be signed up.

A new case of diphtheria has been reported at 309 Grand street. William Moellering & Sons were today granted a permit to erect a brick warehouse on Murray street to cost \$4,000.

TESTS A NEW FUEL.

Yesterday afternoon C. H. Carpenter, of Prebel, Ohio, temporarily residing at Decatur, Ind., made a test of a new fuel which he has invented and patented and which he feels confident will solve the fuel question. The test was made in the kitchen of Pearce's Victoria restaurant in the presence of a number of newspaper men and as many other persons as could get into the rather small kitchen. The fuel looks just like dried mud clods, such as are found on a country road after a rain, when the sun has dried them, but the fuel is free from dust. It is called Carpenter's fuel, after the inventor, and is about one-fourth lighter than coal, can be made for 4 to 6 cents a bushel and can readily be retailed at \$4 per ton, which makes it considerably cheaper than soft coal. The test yesterday was very successful. The fuel gives out an intense heat and burns longer than soft coal. The combustion during the early stages is very like the bituminous article, but later it more resembles a coke fire. The fuel consists of ordinary earth or clay, mixed with sand to make it porous; vegetable matter, such as cornstalks, cut straw, rag-weed, crushed corn-cobs, dead leaves or anything with a vegetable fibre. Then there is added a mineral substance which is the secret. It contains no tar, oil or other explosive and throws out very little smoke. It requires no special machinery, the batch used yesterday having been made with no other tools or machinery than a metal wash tub, a stick to stir it with and a hatchet. It can be made in any village or hamlet or on any farm-yard. Mr. Carpenter is selling rights and expects to make a fortune. On Wednesday he sold five counties in Indiana to a man at Marion, Ind., and five counties in Ohio to a man at Findlay, receiving for the ten counties a gross sum of \$17,500.

WILL BE PAROLED.

Danville, Ind., March 6.—William E. Hinshaw, sent to prison for life on the charge of murdering his wife at Belleville, Hendricks county, in January of 1895, will soon be released from prison on parole. His mother is probably on her last sick bed, and she begs that her son be allowed to come home. He will be released on a limited parole, and if his conduct is good the time will be extended indefinitely.

The mysterious tragedy by which his wife was killed has never ceased to arouse interest and discussion in this county. Hinshaw was found in the roadway calling for help. His breast was cut as with a razor. He had a bullet wound in his side. His wife was found in a rear door of their home, unconscious from a bul-

THREE LITTLE GIANTS

Guard Your Health.

They Are Better Than Life Insurance. They Protect You From the Sudden Change of Weather in This Climate and From Disease of the Kidneys, Which So Often Fastens Itself on the Patient Before It Is Recognized.

let wound in her head. She died in a few hours without speaking. Hinshaw's story was that burglars did the deed. He was indicted by the grand jury in May, 1895, and at the September term of court was convicted of the murder. Numerous attempts have since been made to show that burglars were present.

PRaises THE GOVERNOR.

Washington, March 6.—Representative Landis, before leaving for Indiana yesterday, said: "I am simply delighted over Governor Durbin's action in vetoing the George Rogers Clark bill and I am going to congratulate him. I felt all along that it would have been an outrage on the state to send Clark's statue to Washington, not that he did not deserve well, but because he was not an Indiana man." Representative Robinson, of Indiana, says that the governor's action obviated serious objection in congress to the acceptance of the statue.

DECLINED THE CHAIR.

Rev. H. W. T. Wollaege, Ph. D., of Hartford, Conn., who was offered the chair of Latin and Greek at Concordia college in this city, has written Rev. F. J. Miller declining the offer. Rev. Wollaege's congregation was unwilling to let him go. Another

meeting of the directors will be held in the near future for the purpose of choosing another candidate.

GREATLY BENEFITED BY CHAMBERLAIN'S COUGH REMEDY.

Mrs. M. A. Clarke, writing from Timberrange, N. S. W., Australia, under date of October 28, 1902, says: "I wish to inform you of the wonderful benefit I received from your valuable medicine. I suffered from a severe cough for six years and obtained no relief until I took Chamberlain's Cough Remedy. One bottle cured me and I am thankful to say that I have never had the cough since. I recommend it to all of my friends. Make any use of this letter that you like for the good of any other poor sufferers."

OVERHOLT—GENTLE.

Yesterday at noon Rev. J. W. Lake, pastor of Calvary U. B. church, united in marriage Miss Mary M. Genth and John F. Overholt. A large number of guests witnessed the ceremony and Mr. and Mrs. Overholt received many handsome presents. The Five Points band added greatly to the enjoyment of the occasion by rendering a program of music. Mr. and Mrs. Overholt will reside on a farm west of Ellettsville.

WEAK, NERVOUS, WORN OUT WOMEN.

Bloodless, Irritable, Despondent Women,

subject to all sorts and varieties of nervous troubles, the result of uterine and ovarian derangements find a Positive Cure in

Dr. A. W. CHASE NERVE PILLS

A medicine that goes to the root of the trouble, and cures to stay cured, by nourishing the impoverished nerve centres and resupplying the lost nervous energy.

The world is full of women whose daily life is one long struggle against diseases peculiar to their sex—whose days and nights are full of quiet, patient suffering. The head the seat of pain and pressure—the result of nerve depression and physical weakness brought on by uterine or ovarian trouble—the nerves on edge—inclined to laugh or cry at anything—an ever present dragging in the back, hips and limbs—a feeling of utter weariness—lassitude and despondency. To these people the Dr. A. W. Chase Nerve Pills are of incomparable value, having as they do the power to rebuild, to reinvigorate and resupply every organ, every nerve, every muscle with the lost energy, and to insure a complete return to health, strength and vigor again.

ALL WORN OUT.

Miss Elsa Faister, of No. 43 Main St., Oneonta, N. Y., says: "Last summer I was in bad shape—all run down in health—no appetite and poor digestion—I did not sleep well and felt tired and languid all day. I was pale and the circulation was poor—I doctored all summer with no improvement. Seeing Dr. A. W. Chase's Nerve Pills recommended I got a box and used them, and they thoroughly cured me—no more dullness or headaches—sleep sound and refreshing—appetite good and strong in every way. I can't speak too highly of the medicine as it certainly is a grand one."

WEAK AND NERVOUS.

Mrs. John Bailey, of Jackson St., Penn Yan, N. Y., says: "I was told that Dr. A. W. Chase's Nerve Pills were a great nerve medicine and as I needed one badly, I got a box. My nerves were very weak—I lacked ambition and strength and my heart action was very weak. I used the pills as directed and they made my nerves quiet and steady—the heart action strong and regular and the appetite good, my sleep became restful and I feel altogether like another person. I think as a remedy in female complaints as well they are grand, curing headaches and heavy, dragging feeling rapidly and easily—this I know from experience, and I am glad to recommend them."

Beware of imitations—Signature and portrait of Dr. A. W. Chase on each box of the genuine. For sale by dealers, 50c a box, or Dr. A. W. Chase Medicine Co., 257 Washington St., Buffalo, N. Y.

OLD FOLKS HAVE IT

as Common in Olden Times
Now to Have Rheumatism.
"It's 'grin and bear it' any
day. It's all right to bear pain
fully when you have to, but it's
not right to let it tell you what
you are doing. It's in your blood,
acid does it. We can drive it
out of your system. We have been
twenty years, in a quiet way, and
made thousands of friends by do-
ing good.
Doctors have discovered a se-
rious Athrophoros will act right on
the acid, and you will be sur-
prised to see the aches and pains grad-
ually leave you. The twinges and
aches will become less and less, and
will find yourself going about
work naturally.
I will feel brighter, happier, and
a big load had been taken away.
Bottle of Athrophoros, from your
druggist, will show if it is to help you,
would be cheap at ten times the
price if it relieves your suffering.
Write to The Athrophoros Co., New
Haven, Conn., if your druggist
doesn't have it.

MONEY ADVANCED
SALARIED PEOPLE.

a fact that you earn a regu-
lar salary and hold a perma-
nent position with a good com-
pany or corporation is sufficient
guarantee for us to advance
you money. We will make you
loan on your own note, with-
out an endorser. Private and
confidential.

ROOM 3, ARCADE
Up-Stairs.O STALE DRUGS
HERE

When you bring your
prescriptions to us, the
medicine will not contain
any stale or worthless
drugs; you can be sure of
that. Every drug or
chemical used in our pre-
scription work is tested
and proven to be of
standard quality and
fresh. This is why so
many physicians direct
their prescriptions to our
drug store.

ASK FRANCHISE FOR
HICKSVILLE LINE

Promoters Say They Will Be-
gin Work Soon as Weather
is Favorable.

R. S. Vivian, of Chicago, and At-
torney Robertson and O'Rourke ap-
peared before the board of commis-
sioners this morning to press their
claims for a franchise to build the
Fort Wayne, Hicksville and Bryan
road through this county. They ask
for the same grant that was given to
the original Indiana and Ohio Traction
company, which was promoted by
Messrs. Kaough and Olds, of this
city, some time ago. These gentle-
men secured a franchise, but it lapsed
several months ago, the financial end
failing to materialize. The new fran-
chise is a copy of the old one with the
single exception that at a pre-
vious conference it was decided that
the new company should give a bond
of \$8,000 to commence the road
within six months of the granting of
the franchise and complete it within
eighteen months. The gentlemen
named above want the bond reduced
to \$1,000, saying that they are
obliged to give bond all along the
line and that if Allen county de-
mands \$3,000 others will demand the
same. County Attorney Barrett is at
Indianapolis and was telephoned to.
He will look the matter up and upon
his advice the commissioners will act.
Mr. Vivian is the financier of the
project and says that the company
will be ready to commence work as
soon as the weather is fit.

Late this afternoon the company
presented a bond in the sum of \$1,
000 which was accepted by the com-
missioners.

ABOUT DITCHES.

This is ditch day in the commis-
sioners court and a number of peti-
tions were acted on and viewers ap-
pointed. On a petition for the Hook-
meyer ditch in Jefferson and Milan
townships, Henry Gavers, Peter
Schaff and Charles Gerardot were
appointed viewers; Hoffman ditch in
Madison, Nicholas Lorraine, William
J. Pio and George Townsend; Krill
ditch in Wayne, Ellis Auman, Wil-
liam Hoffman and Joseph Banet;
Vanderly ditch in Jackson, George
Bronauer, Patrick Ryan and Adam
Brick; Driver ditch in Springfield
township, David Dalman, William
Hagen and Alphonse Corbat. Other
ditch matters are still pending as
The Sentinel goes to press.

POSTOFFICE ROBBED.

Word was received at the sheriff's
office shortly before noon that the
postoffice at Continental, Ohio, had
been robbed last night. The thieves
secured \$34 in cash and about \$350
in postage stamps. No further par-
ticulars are given save that nothing
was known of the robbery until this
morning and that the thieves got
away without leaving the slightest
clue behind. The information did
not say whether the safe had been
blown or not. Continental is about
forty-five miles east of Fort Wayne,
where the Clover Leaf crosses the
Nickel Plate.

ARRESTED FOR RIOT.

Last evening Deputy Sheriff Reich-
elder arrested Ed Heckler and
William Osterman, indicted by the
grand jury for riot. Several weeks
ago they broke up a surprise party
on "Hungry Hill" in Nebraska,
damaging the house and tearing
down a picket fence. Both men are
employed at the knitting mills, Os-
terman as an engineer and Heckler as
a dyer. They were placed under \$200
bond each, Manager T. F. Thiele be-
coming surety for Osterman and
Heckler's father signing his bond.

COURT NOTES.

Judge O'Rourke was today en-
gaged in hearing the arguments in
the case of Williamson vs. Null, a
New Haven action heard earlier in
the week.

Simon Rissner sues John H. Fayler
on account; demand \$75.

Jennie Wiles prays for a divorce
from Jacob Wiles, whom she married
in 1884. Wiles abandoned his wife
in 1894 and has not since provided
for her; he is now doing time in
Michigan City for grand larceny.

A. J. Downham has commenced ac-
tion against N. D. E. Richmond to
quiet title to real estate.

In the superior court today Judge
Heaton granted a divorce to Oscar
Whitman from Jennie Whitman and
dismissed the case of Wickliffe vs.
Hillegas at plaintiff's costs. The
case of the Hamilton bank vs. the
Fort Wayne Smelting and Refining
company was set for trial this af-
ternoon, but was continued by agree-
ment.

AFTER MISSOURI BANDITS.

Hartford, Conn., March 6.—Sheriff

Bruch, of Franklin county, Missouri,
arrived here today and went to the
state capitol to secure requisition pa-
pers for Collins and Rudolph, the al-
leged outlaws who were arrested in
this city last Sunday. It is expected
that the governor will issue the pa-
pers tomorrow and that the sheriff
will be able to start back for Missouri
with the prisoners next Monday.

IN JUSTICES' COURTS.

Some weeks ago a man named
Minster, living near Monroeville,
filed an affidavit in Justice Tancey's
court against John Cowel, charging
him with having obtained food,
board and lodging of him with intent
to defraud. The local constables
could not find the man and the war-
rant was finally turned over to the
sheriff. This forenoon Deputy Ryan
ran across his man on the street and
promptly took him in tow. Minster
was notified and as soon as he can
get here the case will be tried.

Joe Thorpe, a saloonkeeper at the
corner of Main and Harrison streets,
was fined on two charges in Justice
Skellton's court today. In one case
he was taxed \$20 and costs for sell-
ing liquor to minors and in another
he was fined \$1 and costs for assault
and battery on Harry Aldrich, who
filed both affidavits. The aggregate
in the two cases was \$37.30, which
Mr. Thorpe promptly dug up from
somewhere in the basement of his
trousers. Thorpe was recently fined
a snug round sum in police court.

WILL START SHOE STORE.

Lafayette gentlemen have organ-
ized a company for the purpose of
engaging in the shoe business in
Fort Wayne, Lafayette and Evans-
ville. The firm will be known as the
O. A. Frass company and will be
capitalized at \$75,000. The Lafay-
ette Courier says: "The company
will open a shoe store in Fort Wayne
some time between the first and
tenth of April. It will be conducted
under the name of Frass & Reed. It
will be located on Calhoun street op-
posite the court house. A lease for
seven and one-half years on the
rooms and the work of preparing the
room for occupancy will begin
as soon as the contract can be award-
ed. Messrs. Frass & Reed will go to
Fort Wayne today to look after the
matter. Mr. Frass will be in tem-
porary charge of the Fort Wayne
branch, but it is not his intention to
move his family from this city."

WILL LAUNCH A CRUISER.

Washington, March 6.—A delega-
tion of prominent citizens of Chat-
tanooga, Tenn., arrived here today in
a special car over the Southern rail-
way and left immediately for New
York over the Pennsylvania railroad.
The party is going to attend the
launching of the protected cruiser
"Chattanooga" at Elizabethport, N.
J., tomorrow. The delegation con-
sisted of thirty-two persons, includ-
ing Governor Frazier, Mayor Ham-
bliss, George Lancaster, C. A. Lye-
ly, Col. D. M. Steward, representing
the chamber of commerce; Aldermen
Clinton Russell and Victor Georges,
R. T. Leed and J. T. Lupton.

ONSLAUGHT OF BEARS.

New York, March 6.—There were
no sensational developments in the
cotton market at today's opening.
Near the close the bears suddenly
rushed the market, forcing prices
down rapidly all along the line.
Enormous blocks of long cotton were
thrown over and the bulls appar-
ently made no effort to check the break.
The selling movement originated in
the large amount of cotton brought
into sight. The close was exceed-
ingly nervous with prices anywhere
from 22 to 27 points under the high-
est for the day.

PAYING SOUTH CAROLINA.

Washington, March 6.—The treas-
ury department issued warrants ag-
gregating \$89,137 in favor of the
state of South Carolina in satisfaction
of its claims growing out of the war
of 1812. The payment was directed
by the general deficiency act ap-
proved March 3, 1903.

BIG DEAL IN COAL LANDS.

Huntingtown, Va., March 6.—A
syndicate composed chiefly of Cleve-
land capitalists is securing options
on almost all the coal mines on the
Kanawha and New Rivers. It is an-
nounced today that the Boomer Coal
and Coke company, of the Kanawha
has sold its entire holdings outright
to this company for \$750,000.

HIGH WATER AT LOUISVILLE.

Louisville, Ky., March 6.—The Ohio
river touched the curbing at the foot
of Fourth street today, the highest of
the season, but the danger line has not
been reached. Heavy rains are re-
ported in southern Kentucky.

FORGED A CHECK FOR
\$7,000 AND GOT CASH

Superintendent of a Philadel-
phia Concern Uses Name
of Treasurer.

Philadelphia, March 6.—Charles T.
Molony, general superintendent of the
Pennsylvania Warehousing and Safe
Deposit company, cashed what is al-
leged to be a forged check for \$7,000
on the Girard National bank on Satur-
day morning last.

The check bore the names of A. M.
Bright treasurer of the Pennsylvania
company, and William Rommel, jr.,
secretary of the company.

The check, which was made payable
to "cash," the customary form used
by the warehousing company, was pre-
sented in person by Molony, it is said,
to Paying Teller William Johns, of the
Girard bank, who paid over the money
without question. Molony was well
known at the bank.

The board of directors of the bank
met today and the matter of the check
and claim of the warehousing company
were fully considered. At the conclu-
sion of the meeting a director of the
bank said that the \$7,000 had not been
refunded to the company, although he
admitted that the bank was "legally"
responsible for the sum.

Mr. Molony, who lived with his wife
and child at Woodbury, N. J., six miles
south of Camden, has not been seen
either here or in Woodbury since
Wednesday. There is a suspicion that
he has gone to New York, but nothing
definite is known of his movements
since Monday, when he telephoned to
his office that he was not well.

According to Molony's neighbors,
the furniture was taken from his home
last Wednesday in a van from a Cam-
den storage house.

Molony is under bond to the Penn-
sylvania company for \$10,000.

WAR PREPARATIONS GO ON.

San Francisco, March 6.—A number
of coffee planters who have just ar-
rived here from Guatemala on the
steamer Colon, state that the war pre-
parations in that country are still going
on. The entire army of Guatemala is
massed on the frontier of Salvador.
Every able-bodied man is being
pressed into service. Alexander
Cousin, father-in-law of President
Zelaya, of Nicaragua, was a refugee in
Colon.

REPUBLICANS OF MICHIGAN.

Detroit, Mich., March 6.—Every
indication pointed to a protracted
and hard fight over the nomination
for justice of the state supreme court
when the state republican convention
was called to order in Light Guard
armory shortly before noon today.
The early morning hours did not
bring any combination among the
seven candidates who are opposing
the renomination of Justice F. A.
Hooker and the adherents of each
candidate apparently were deter-
mined to support their choice indefi-
nitely on the floor of the convention.
Hon. W. W. Wedemeyer, of Ann Ar-
bor, was selected as temporary chair-
man of the convention. Two United
States senators and one ex-senator
had seats on the platform during the
greater part of the morning session
of the convention. After the appoint-
ment of committees the convention
adjourned until 1:30 o'clock.

CASE GOES TO FEDERAL COURT.

Chicago, March 6.—The Chicago,
Rock Island and Pacific receivership
case came up before Judge Neasey to-
day on motion to remove the suit to
the federal circuit court, made on be-
half of the Central Trust company,
of New York. It was decided that
all documentary evidence in the suit
should be laid before the judges of
the federal court for them to decide
the question of jurisdiction. This
will be done March 9.

WILL BUILD BIG SHIPS.

San Francisco, March 6.—The Jap-
anese steamship company of Toyo-
asha will order the immediate con-
struction of three vessels with a
gross tonnage of 13,000 tons each.
Plans and specifications were pre-
pared some months ago. The com-
pany will decide on March 20 where
they shall be constructed.

THE HOME TIE SHOULD BIND.

We must recognize the danger of
tyranny in the home influences and
be sure that the "home tie" is not
a "tie that binds us" hand and foot.
Many a youth looks back upon his
home with far from sentimental
feelings. It was a place in which he

was constantly nagged and told to
keep his elbows off the table—a place
where he was constantly accused of
being selfish—a place where his
mother and sisters gossiped, and
where he quarreled with his father
far into the night. Conventional-
ities, and littlenesses, and indigni-
ties sapped the sweetness and
strength from life, says Boyce's
Weekly.

Too many girls have never begun
to be individuals. Coddled and en-
cumbered, repressed and misguided,
they have developed amid mediocre
associations and with ignoble aims,
cultivating a little bad art and shal-
low literature and spending their
strong young years in search of the
latest thing in stays and stocks, lit-
erally and figuratively.

The ache of loneliness is not al-
ways cured in the home. Alone one
has at least the companionship of his
own thoughts and tastes, a family
may drive these from him, offering
only foreign and irritating substi-
tutes. Poor Mr. Dooley reading his
Christmas Emerson to please his
child is not so pathetic nor so com-
mon a picture as that of the stern
parent reading Boswell's life of
Johnson to his entire family, from
the patient wife down to the restless
son of 13.

L. P. Hulburd, of the American
Express company, will leave tomor-
row on a business trip to Chicago.

A Mrs. Eddington fell in a faint
in front of the Wayne hotel this
afternoon, and was taken to her home
in the patrol wagon.

ONLY ONCE FROST-BOUND.

Boston harbor froze over in Janu-
ary of 1844 and the advertised sail-
ing of the Britannia, then in dock,
seemed surely to be impossible. But
the merchants of Boston would not
have it so. They met and voted to
out a way, at their own expense,
through the ice that the steamer
might sail practically on time. The
contract for cutting the necessary
channels was given to merchants en-
gaged, like Frederick Tudor, in the
export of ice—not from the harbor.
Their task was to cut within the
space of three days a channel about
ten miles long. For tools they had
the best machinery used in cutting
fresh-water ice, and horse power was
employed. The ice was from six to
twelve inches in thickness.

The Advertiser of Feb. 2, 1844, de-
scribed the scene: "A great many
persons have been attracted to our
wharves to witness the operations
and the curious spectacle of the whole
harbor frozen over, and the ice has
been covered with skaters, sleds and
even sleighs. Tents and booths were
erected upon the ice and some parts
of the harbor bore the appearance of
a Russian holiday scene." On Feb.
3 the work was done and the Britan-
nia, steaming slowly through the
lane of open water, lined on either
side by thousands of cheering specta-
tors, made her way to the sea.
Whatever the New York critics may
have thought, the English managers
of the company must have felt that
the people of Boston were good
friends to have.—Atlantic Monthly.

I'M THE
ROMOC
MAN

LET ME TELL YOU SOMETHING ABOUT

RHEUMATISM

RHEUMATISM IS AN ACCUMULATION OF POISONOUS FOR-
EIGN MATTER IN THE SYSTEM, CAUSING INFLAMMATION,
LAMENESS, ETC., WHERE THIS FOREIGN MATTER COMES
FROM IS NOT CERTAIN—IT MAY BE URIC ACID WHICH THE
KIDNEYS HAVE FAILED TO ELIMINATE; IT MAY BE THE
STOMACH IS DIGESTING THE FOOD IMPROPERLY;
OR IT MAY BE THAT SOME POISONOUS MAT-
TER FROM OUTSIDE HAS CREPT INTO THE
BODY. THE IMPORT-
ANT THING IS THAT
ROMOC WILL REMOVE IT LUTELY AND PERMA-
NENTLY CURE RHEUMATISM BY DRIVING OUT THESE
IMPURITIES FROM THE SYSTEM. ROMOC IS NATURE'S
PRESCRIPTION FOR RHEUMATISM, AND LIKE OTHER
MAGNIFICENT WORKS OF NATURE, EXCELS ANYTHING
POSSIBLE FOR MAN TO ACHIEVE. ASK FOR BOOKLET.

NOTICE TO CONTRACTORS.

Department of Public Works.
Office of the Board, Room 2, City Hall,
Fort Wayne, Indiana, March 4, 1903.
Notice is hereby given by the board of
public works of the city of Fort Wayne, In-
diana, that sealed proposals will be received
by them at their office on the 26th day
of March, 1903, at 7:30 o'clock p. m., for the
construction of the following public im-
provements:

Local Sewer Improvement Resolution No.
98.—For the construction of a sewer in and
along the alley between Bulle street and
Ferguson street, from the brick sewer on
Ferguson street to the alley west of Fox
avenue and branches.

Local Sewer Improvement Resolution No.
99.—For the construction of a sewer in and
along the alley between Taylor street and
Walnut street, from the brick sewer on
Walnut street to the alley west of Fox
avenue to Oakley street.

Local Sewer Improvement Resolution No.
100.—For the construction of a sewer in and
along the alley between Wall street and
Sweeney avenue, from the brick sewer on
Sweeney avenue to Broadway and branches.

Local Sewer Improvement Resolution No.
101.—For the construction of a sewer in and
along the alley between Wilt street and
Jones street, from the brick sewer on Jones
street to the alley west of Rockhill street,
and branches.

Local Sewer Improvement Resolution No.
102.—For the construction of a sewer in and
along the alley north of Superior street,
from the sewer on VanBuren street to the
east line of lot No. 35, H. B. Reed's addi-
tion.

The work done in the making of aforemen-
tioned improvements shall be in
accordance with the terms and conditions of
local sewer improvement resolutions Nos. 98,
99, 100, 101 and 102, and the plans, profiles
and specifications therefor which are on file
and may be seen in the office of the department
of public works of said city.

The bidder, in submitting a proposal for
any of aforesaid work, must accompany each
bid with a certified check in the sum of
twenty-five (\$25.00) dollars, payable to the
city of Fort Wayne, Indiana, as an evidence
of good faith that he will execute within
five (5) days from the acceptance of his pro-
posal a contract and bond satisfactory to
said board of public works.

A failure of the successful bidder to enter
into such contract and bond upon the accep-
tance of said proposal will forfeit the check
and sum of money payable thereon to the
city of Fort Wayne, Indiana, as agreed and
liquidated damages for such failure.

PETER EGGMANN,
WILLIAM DOERMANN,
H. G. ZOLLINGER,
Board of Public Works.

IMPROVEMENT NOTICE.

Department of Public Works.
Office of the Board, Room 2, City Hall,
Fort Wayne, Indiana, March 6, 1903.

Notice is hereby given by the board of
public works of the city of Fort Wayne,
Indiana, that on the 5th day of March, 1903,
the said board deeming it necessary to make
certain public improvements, adopted the
following declaratory resolution:

Declaratory Resolution No. 94.—For the
opening and extending of Alliger street,
from Winter street to Walton avenue.

Resolved, By the board of public works of
the city of Fort Wayne, Indiana, that it is
desired and deemed necessary to open and
extend Alliger street, in the city of Fort
Wayne, Allen county, Indiana, from Winter
street to Walton avenue, a width of
thirty-five feet, and to be opened by con-
demning and appropriating for such purposes
sufficient lots and lands described as fol-
lows:

The south 1.5 feet of lot No. 7 and all of
lots No. 8 and 4, of Woodworth's subdivi-
sion of Lillie's subdivision No. 15; also the south
30 feet of lot No. 1 and the north 5 feet of
lot No. 2, Dreier's addition; also the south
35 feet of lot No. 49, Lillie's addition.

All as shown by a plan of such proposed
opening and extending of Alliger street
above described now on file in the office of
the board of public works of said city.

The property affected by the opening and ex-
tending of said Alliger street above described
is described as all lots or parcels of land not
occupied by streets or alleys lying east of
Ohio street, south of Lewis street to Wal-
ton avenue, and south of Maumee avenue to
Walsh avenue, west of Wabash avenue and
north of the Wabash railroad.

All of said streets and lots and lands af-
fected by the opening and extending of said
Alliger street being situated in the city of
Fort Wayne, county of Allen, and state of
Indiana.

The board of public works have fixed
Thursday, March 26th, 1903, as a date on
which remonstrances will be heard or con-
sidered from persons interested therein or
affected thereby, and on said day, at 7:30
o'clock p. m., said board will meet at their
office in the city for the purpose of hearing
or considering such remonstrances and for
the purpose of taking final action thereon.

PETER EGGMANN,
WILLIAM DOERMANN,
H. G. ZOLLINGER,
Board of Public Works.

CUTICURA OINTMENT

Purport of Emollients and
Greatest of Skin Cures.

The Most Wonderful Curative
of All Time

For Torturing, Disfiguring
Humours.

Cuticura Ointment is beyond question the most successful curative for torturing, disfiguring humours of the skin and scalp, including loss of hair, ever compounded, in proof of which a single anointing with it, preceded by a hot bath with Cuticura Soap, and followed in the severer cases by a dose of Cuticura Resolvent Pills, is often sufficient to afford immediate relief in the most distressing forms of itching, burning and scaly humours, permits rest and sleep, and points to a speedy cure when all other remedies fail. It is especially so in the treatment of infants and children, cleansing, soothing and healing the most distressing of infantile humours, and preserving, purifying and beautifying the skin, scalp and hair.

Cuticura Ointment possesses, at the same time, the charm of satisfying the simple wants of the toilet, in caring for the skin, scalp, hair and hands from infancy to age, far more effectively, agreeably and economically than the most expensive of toilet emollients. Its "instant relief for skin-tortured babies," or "Sanative, antiseptic cleansing," or "One-night treatment of the hands," or "Single treatment of the hair," or "Use after athletics," cycling, golf, tennis, riding, spanning, or any sport, each in connection with the use of Cuticura Soap, is sufficient evidence of this.

Millions now rely on Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for baby rashes, itchings and chaffings, as well as for all purposes of the toilet, bath and nursery.

SUCCESS

—is a swing-to-door, swung to—
And the lobby is always full.
Some get into the door marked
"push."

And some by the door marked "pull."
Some are too weak to push or to pull,
And thus are left out in the cold.
But by dint of hard work and economy

Are provided for when they're old.
Take a lesson therefrom in the battle
of life.

And save from your weekly wage,
In the Fort Wayne Trust Co. Savings
plan,
And you've provided against old age.

ENGLAND PREPARES TO MEET WAR EMERGENCY

Places a New Naval Base to
Face Germany—To Get
Big Fleets Ready

London, March 6.—The open preparations of the government to put Great Britain in a position of defense in the event of a sudden and immense war have caused great excitement, and this was intensified yesterday when Premier Balfour announced that a new naval base was to be established on the Firth of Forth in the event of a concentration of the fleets in the north sea. Such a move can only be taken to mean that rapid defensive measures against Germany are regarded as imperative.

This action, taken together with the recent removal of large bodies of troops from various parts of India to the northern frontier, where Russia always menaces, with the immense naval estimates of this year, with the expenditures of thousands of pounds in re-equipping the militia with new and improved weapons, with the investigation of the food supply of the country in case of a blockade and with the strengthening of forts at all points on the coast is taken to show that the foreign office is dissatisfied with the international outlook. The knowledge that Great Britain can be depended on not to join any commercial coalition of European states against the United States of America no doubt has much to do with this attitude, and Lord Avebury's statement two days ago that in the event of war the shipping trust would be a good thing, as the United States would protect the vessels of that company, becomes doubly significant.

Public opinion, however, is not unanimous regarding the selection of St. Margaret's Hope as a site for the new naval base, many naval men contending that it would have been better to place it further south in the neighborhood of the Tyne. The admiralty's decision, however, in creating a new naval station meets with general approval. It is stated that the government already has purchased ample land along the fore shore of the Firth of Forth and the work of construction will be begun forthwith.

From a strategical point of view the site is admirably selected. The new naval station will be practically impregnable to attack, the estuary being already defended by strong modern fortifications. There is a splendid natural harbor at St. Margaret's Hope, with deep water and ample accommodation for a large fleet, while in close proximity are important coal fields, and the place has good railway connections. The construction of a new naval base will also be more economical than enlarging the existing dock yards, which would entail enormous and costly building and dredging operations.

MORGAN LOSES AT JAI ALAI.

Tampa, Fla., March 6.—Passengers from Havana relate the interesting experience of J. Pierpont Morgan in the betting ring of the Fronton at Havana, where the great Spanish game, jai alai, is played. Mr. Morgan with his party saw the game Sunday night. In the first partido he bet on the blues, who lost, and was out \$10. He doubled his bets on the second partido, still playing his money on the blues, whom everybody expected to win, but who were again defeated. Determined to win back and becoming thoroughly engrossed in the sport, Mr. Morgan in the first quiniela bet heavily on Irun, one of the crack players just arrived from Spain. Irun was an "also ran" this time, but the financier was "game" and more than doubled his wagers on the second quiniela, in which Irun was again the favorite. Irun played a good game, but again lost. Morgan then expressed a desire to see the carnival parade and withdrew. "It is an exciting game," he said to friends, "but it is not for Americans to bet on."

SENDS BOTH TO JAIL.

Anderson, Ind., March 6.—Mayor John L. Forkner has a method of his own in dealing with family troubles which get into his court. When it is shown that a quarrel led up to a fight, the mayor sends both husband and wife to jail, giving the wife the lighter sentence. The mayor does not stop at a heavy fine for a wife beater. He adds a jail sentence, and directs the authorities to give the offender the largest stones to crush on the rock pile in the jail yard.

GABRILOVITSCH RECITAL.

At the Anthony Wayne club this evening, Ossip Gabrilovitsch pianist, will give a recital under the auspices of the Morning Musical. The

Presio
(better than flour)
new pastry delights

talented young Russian is a star of the first magnitude as a pianist, and the recital tonight will be one of the best musical treats ever afforded a Fort Wayne audience.

MAERIES TO COVER SHAME.

Berlin, March 6.—A sensation has been created in court circles by the announcement that the Grand Duchess Anastasia of Mecklenburg-Schwerin has contracted a secret morganatic marriage with an official of the Russian court. The marriage is reported to have occurred at Cannes and is acknowledged to have been arranged in order to give a name to a child soon to be born, the result of an affair de'amour with her coiffeur. This will be the third time the grand duchess has borne a child since the death of the grand duke in April, 1897. The marriage undoubtedly is the outcome of a long conference which her son, the grand duke, had with the kaiser last week. The scandal following the Dresden scandal so soon is the cause of grievous annoyance to the kaiser. Anastasia has led a frivolous life for years. She is connected with the royal family of England, as her daughter, Alexandrine, married Prince Christian of Denmark.

FINDS INGALLS IS POPULAR.

Cincinnati, O., March 6.—The mayoralty campaign of President M. E. Ingalls, of the Big Four system, is attracting much attention. Mr. Ingalls is a ready speaker and popular in the city. He has for years been one of the most public spirited men in Cincinnati, having founded the Cincinnati Technical school and the Art museum. He has always been keenly interested in railroad Young Men's Christian association work and has given largely to the establishment of the eight large branches along his lines of railroad. The public has accepted the Ingalls boom for the democratic candidature for the mayoralty with so much readiness that political leaders are beginning to lay plans for next year. It is considered almost certain that if Mr. Ingalls succeeds in securing the mayoralty he will run for the presidential nomination. The Ohio leaders are with him almost to a man, little now being heard of the aspirations of Tom L. Johnson.

PRAYED FOR DEATH.

Huntington, W. Va., March 6.—A strange case is the sudden death of James Malee a few miles west of here yesterday. Malee's wife died from pneumonia and her death so affected the husband that he went to his room and prayed incessantly for two hours for death to come to him. The sorrowing relatives and friends heard a noise above like the falling of something heavy, and, rushing to Malee's room, found him lying on the floor dead.

While preparations were being made for the burial of his wife he remarked, "Just wait a little while and I will follow her."
His prayer was answered and they were buried in the same grave.

ROAMS INSANE ON BEACH.

New York, March 6.—Ferdinand La Prince, a retired wealthy architect of this city, was found yesterday insane at Fire Island. He was lurking behind a rock and threatened to shoot a member of the life saving crew who discovered him. He said the life saver was one of the evil spirits which infested the beach at night. He was finally persuaded to get into a boat and was sent to New York.

Mr. La Prince has been spending the winter at Point o' Woods, Chautauque, on Fire Island beach, where he has been engaged in building an addition to his mother's cottage.

DIED FROM HER INJURIES.

(Huntington Herald.)
Mrs. Hardy, the aged lady at Brown's Corners, this county, who was so fearfully burned by her clothes getting on fire about two weeks ago, died Wednesday morning. The burns were severe, but death was probably largely due to the shock. She was over eighty-three years of age. The funeral occurred today. Daughters of the deceased are Mrs. Urias Cupp, of this city; Mrs. Florence Davis, of Brown's Corners, and Mrs. Eattie Blair, of Fort Wayne. Her stepson is Alonzo Crites, with whom she made her home at the time of her death.

NEW HAVEN NEWS SOLD.

The New Haven News, established more than ten years ago, by Will D. Gorrell, has just been sold to W. E. and H. H. Bowers, former New Haven boys, who are now in charge of the newspaper.

Mrs. W. A. Evans gave an informal and prettily appointed reception yesterday afternoon, assisted by Mrs. Edwin Evans. Others who assisted were Mrs. A. L. Randall, Mrs. Joseph Russell, Mrs. W. K. Noble, Miss Eckert and Miss Evans.

Miss Jessie Misner was hostess for the Chez Nous club last evening.

CRISIS AT HAND IN WINDOW GLASS TRADE

Factories Must Close for a
Time or Face a Ruinous
Price War.

Philadelphia, Pa., March 6.—The Public Ledger today says:
Never in the history of the window glass industry in this country, it is said, have manufacturers and jobbers been confronted with such a serious situation as at present.

If the plans of a number of leading producers to close down their factories temporarily are successful, it is said, higher prices are assured, while if it fails, it is predicted here that the most ruinous price war which has ever been inaugurated will be a certainty.

"There is only one safe way out of the difficulty," said a leading local jobber, "and that is by closing the factories. If a suspension of operations takes place a better demand for glass will naturally follow, and all are assured profitable prices on their present holdings and the output of factories between now and the time when a shutdown is decided upon by a majority of producers.

"If, however, a sufficient number of manufacturers persist in working their factories, prices are sure to be cut so deep that every box of glass made during the coming season will have to be sold at a loss. In the event of the factories failing to go out of blast a cut of 40 per cent would not surprise us, and those familiar with the business, the cost of material and high wages know what that means."

It has been estimated by those in a position to know that there are now in the hands of manufacturers about 2,000,000 boxes of glass, one-half of which is in the warehouses of the American Window Glass company.

CITY BREVITIES.

Mrs. Herman Hartwig was hostess for the Laetitia club yesterday.

Mrs. John Hoover is attending the funeral of her mother in Columbia City.

Mrs. F. W. Sihler and daughter, Augusta, have returned home to Kansas City.

Huntington Herald: Mrs. Colerick, of Fort Wayne, visited yesterday with Mrs. L. C. Miles, in this city.

Mrs. Claude Ellison, of Canton, O., has been summoned to this city on account of the serious illness of her father, Perry Zimmerman.

George Harrison, who has been with Buffalo Bill's show as treasurer, has arrived in New York from London and will be home Sunday.

Miss Emma Eckart, of this city, and her sister, Mrs. Louis Schmidt, of Lima, O., have gone to Chicago to visit their sister, Mrs. A. Ober.

Mr. and Mrs. Budd Johnson have gone to Auburn for a few days' visit and will go to Denver on Monday on account of Mrs. Johnson's health.

Daniel W. Stoner has returned from a visit with relatives in Massillon, Ohio, and is accompanied by his brother, W. H. Stoner, of Des Moines, Iowa.

Miss Agnes Gerber and John K. Baker were married at the bride's home at Bluffton Wednesday, and will reside in this city. Mr. Baker is an electrician.

Mrs. Minnie Graves-Brown expects to leave the latter part of the month for Paris to join her cousins, the Misses Hubbard, of Toledo. She will return home in June.

Huntington Herald: Rev. J. W. Lake, of Fort Wayne, will be here Monday evening to assist Rev. D. Robinson in his protracted meeting at the Matilda street church.

Columbia City Post: Mrs. John Hoover, of Fort Wayne, arrived in the city Thursday morning, being called here on account of the death of her mother, Mrs. William Ramp.

There will be a meeting of the members of Redeemer English Lutheran church this evening at 7:30 o'clock. The Sentinel, by mistake, announced the meeting for last night.

Miss Elizabeth Summers is home from Chicago for a few days, where she has been studying with George Hamlin. Miss Summers is a member of the quartet of the Second Baptist church of Chicago.

PEPTORENE.

Free Sample Distribution.

A free trial treatment of Peptorene is mailed, in connection with an interesting booklet on the Digestive Tract, to anybody who will write for it. It is worth your while if you have a stomach that is constantly making you feel its existence.

Send your address to the Ball-Creek Health Tablet Co., Ltd., Ball-Creek, Mich., and you will get the free treatment by return mail.

For sale by Meyer Bros. & Co., Fellows & Foster, A. C. Gocke, Wm. L. Waltemath.

Colds-Coughs

We hate to see good friends of ours with coughs and bronchial affections that "hang on" doing nothing for the trouble and taking such chances, when we feel so sure that our VINOL would cure them. VINOL is a safe and certain remedy for all pulmonary troubles. It doesn't "dry up" a cough, but removes its cause. Money back if you are not helped.

PELLENS & POLSTER,
DRUGGISTS.—THE HOME OF VINOL.

KOKOMO IS GOING DRY.

Kokomo, Ind., March 6.—The saloon men lost in the court contest here yesterday and the thirteen saloons in the central business section of the town must close. A blanket remonstrance under the Nicholson law contained the names of a majority of the voters in the ward. After examining thirty remonstrants on the witness stand the saloon men gave up the fight and closed their houses where licenses had expired. Part of the thirteen can operate until June and September. The temperance people are elated. They will proceed similarly in all other wards of the city and hope to close every drinking place in Kokomo. The saloon men say they will appeal to the circuit court.

MONEY IN A LETTER.

Lafayette, Ind., March 6.—William G. Price, a liverman, has received \$10,000 from the estate of W. C. Lewis, an uncle, who died some months ago in Shelbyville, Cal. The bulk of the estate, valued at \$50,000, went to William Reiner, of Burr Oak, Kan. The letter containing the news was written by the administrator several weeks ago, and was forwarded to several cities before it was sent to the dead letter office at Washington, having been unclaimed. There it was opened and the government made a new effort to locate Price. He was found here and has received the money.

HOW TO CURE CORNS AND BUNIONS.

These annoying and often distressing ailments can be immediately relieved and cured in a very short time by applying Chamberlain's Pain Balm and observing the following directions: First, soak the corn or bunion in warm water to soften it, then pare it down as closely as possible without drawing blood, and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism Pain Balm is unequalled.

Mrs. C. H. Graham, of St. Paul, is visiting Mrs. James E. Rohan.

WHILE THERE IS LIFE THERE IS HOPE.

I WAS afflicted with catarrh; could neither taste nor smell and could hear but little. Ely's Cream Balm cured it.—Marcus G. Shultz, Rahway, N. J.

CREAM BALM reached me safely and the effect is surprising. My son says the first application gave decided relief. Respectfully, Mrs. Franklin Freeman, Dover, N. H.

The Balm does not irritate or cause sneezing. Sold by druggists at 50 cts. or mailed by Ely Brothers, 56 Warren St., New York.

HUNTINGTON and RETURN 75c.

Every day and for all passenger trains the WABASH will make the round trip ticket fare 75 cents. Tickets sold at this rate are good three days returning. Phones No. 6.

W. L. DOUGLAS \$3.50 SHOE UNION MADE

Men's \$5 Shoes for \$3.50

W. L. Douglas makes and sells more men's Goodyear welt (hand sewed process) shoes than any other manufacturer in the world.

\$25,000 REWARD will be paid to anyone who can disprove this statement.

Because W. L. Douglas is the largest manufacturer, he can buy cheaper and produce his shoes at a lower cost than any other concern, which enables him to sell a shoe for \$3.50 equal in every way to those sold elsewhere for \$5.00.

Established 1876.

FIT LIKE CUSTOM BENCH WORK.

The Douglas secret process of tanning the bottom soles produces absolutely pure leather; more flexible and will wear longer than any other tannage in the world.

Sales have more than doubled the past four years, which proves its superiority. Why not give W. L. Douglas \$3.50 shoes a trial and save \$1.50 on every pair.

Note the increase in business.

1899 Sales: \$2,203,883.21

1902 Sales: \$5,024,340.00

A gain of \$2,820,456.79 in four years.

The best imported and American leathers, Heyle Patent Calf, Enamel, Box Calf, Calf, Vici Kid, Corona Calf, and National Kangaroo. Fast Color Ejectors used exclusively.

Boys all wear W. L. Douglas Strong Made \$2.00 shoes; Youth's, \$1.75.

CAUTION.—The genuine have W. L. Douglas name and price stamped on the bottom.

Shoes by mail, 25 cents extra. Illustrated Catalogue free.

W. L. DOUGLAS, Brockton, Mass.

FORT WAYNE STORE: 30-82 Calhoun St.

TO BRING REMAINS HERE FOR BURIAL

Isaac Stiefel, of Butler, Dies in Colorado—Other Deaths and Funerals.

Isaac Stiefel, a well known young business man whose home was at Butler, Ind., died Thursday at Colorado Springs, Col. The deceased was a nephew of Samuel Heilbroner, of this city, and was well known in Jewish circles.

The remains will be brought to Fort Wayne for burial, and announcement of the funeral services will be made later.

QUANDT.

Henry Quandt, a well known farmer, died Thursday at his home in Madison township after an illness of several months. Early last fall he was stricken with appendicitis, and

underwent a surgical operation. Before he had completely recovered typhoid fever intervened. Mr. Quandt was 41 years of age and was born and reared in Allen county. Funeral services are to be held Sunday afternoon at 1 o'clock.

CHRISTIE.

Harley Berne Christie, an inmate of the state school for feeble minded, died at that institution yesterday at the age of 18 years. The remains were shipped today to Kokomo for interment.

FUNERAL NOTICES.

Jellison.—Funeral services of Mrs. Tracy Jellison will be held Saturday morning at 9 o'clock from the residence of the parents, Mr. and Mrs. Valentine Kintz, on the Bluffton road, and at 10 o'clock from St. Mary's Catholic church.

Zwickley.—Funeral services of John Zwickley, who died at Hops hospital Tuesday, will be held Saturday afternoon at 2 o'clock from the Schone undertaking establishment. The interment will occur at Lindenwood. The effort to locate a son of the deceased, who resides in Ohio, has been unavailing.

Roembke.—Funeral services of Henry Roembke, 11 years old, who died Thursday from diphtheria, were held privately this afternoon from the residence, 1239 Wall street.

Chevron.—Funeral services of Mrs. Louise Chevron will be held Saturday morning at 8:30 from the residence, 608 East Wayne street, and at 9 o'clock from the Cathedral.

Singmaster.—The funeral services of Mrs. Joseph M. Singmaster will be held Sunday afternoon at 1 o'clock from the residence, 1317 Jackson street, and later from Trinity English Lutheran church. Rev. Dr. Wagenhals will officiate and the interment will occur at Lindenwood. Surviving members of the family include the husband and one daughter, Miss May.

SITUATION IN CHINA VERY THREATENING

Crisis Approaching as Result of Renewed Activity of the Boxers.

Washington, March 6.—While no advice have been received at the Chinese legation here regarding the serious condition of affairs which is approaching a crisis in the interior of China as a result of the renewed activity of the boxers and of other rebels in various parts of the country, it is the understanding that the new minister, Sir Leang Chentung, who sailed from Hongkong on February 27, on the steamship Korea, for San Francisco, will bring to Washington important instructions bearing on the subject. In addition to the uprising of the rebels and the increased importation of arms, the extortion practices by the viceroys in the collection of indemnity is said to have caused the most distressing conditions in many provinces. European advisers that have reached Washington in the last few days show no evidence of weakening on the part of the powers in their demands for the payment of the indemnity in gold. This problem will be the first which the new minister will grapple with upon his arrival in Washington. He is expected here early in April. Beside Sir Leang there are six members in his party, including new charges d'affaires and secretaries for the Chinese legations in Spain, Peru and Cuba, consuls general for San Francisco and New York and a consul and vice consul for Honolulu; also first secretary, Mr. Chen, to succeed Mr. Shen, who will return to China.

SESSION WILL BE BRIEF.

Washington, March 6.—Adjournment of the Fifty-seventh congress has caused a decided diminution in the number of visitors at the white house. Few representatives called today and those who saw the president desired merely to pay their respects before leaving for their homes. Among the senatorial callers today were Senators Hanna, Platt of Connecticut, Lodge, Clark of Montana, Clarke of Arkansas, and Ball of Delaware, and Cullom. Few of them would venture a prediction as to the length of the extraordinary session, a majority saying that no accurate notion of the time it would take the senate to conclude its work could be given at this time. Senator Cullom, chairman of the foreign relations committee, thought the session might last two or three weeks, and Senator Hale expressed the belief that the business of the extra session would be concluded in two weeks.

SECRETARY HAY VISITING.

Washington, March 6.—Secretary Hay, with Mrs. Hay, has gone to Thomasville, Ga., for a few days' visit with their daughter, Mrs. Payne Whitney, and her infant daughter. Assistant Secretary of State Francis Loomis has gone to his Ohio home for a short visit, and Mr. Ade, second assistant secretary, is acting secretary.

GOVERNOR USES HIS VETO AGAIN

(Continued from First Page.)

He are to receive the usual fees and not a salary of \$2,000.

ISSUING OF SCHOOL BONDS.

Representative Zollman's bill, authorizing school trustees of incorporated cities to issue school bonds to secure funds with which to erect school buildings.

Representative Kirkpatrick's bill, authorizing the voting of subsidies to interurban roads as well as steam railroads.

Representative Wilson's bill, authorizing school trustees in cities of not less than 3,420 to issue notes or bonds to build school houses.

Representative Branch's bill, authorizing Martinsville to issue school bonds.

Representative Morgan's bill, creating a lien against property on which there is a school fund loan for public improvements.

Representative Salisbury's bill, prohibiting the drainage of any fresh water lakes occupying more than 100 acres.

Representative Miller's bill, increasing the powers of road supervisors.

Representative Jakway's bill, requiring safety appliances on all boilers of stationary engines.

Representative Harley's bill, providing for the reimbursement of school townships where school property belonging thereto is taken by an incorporated city or town through the annexation of the territory in which such school houses are located.

Representative Mitchell's bill, providing for turning back into the general fund of a county the excess collected by county officers over their salaries.

IN MILKMEN'S INTERESTS.

Representative Wells' bill to allow milk dealers to search for milk and cream bottles bearing their name was taken up and passed after its failure to go through Wednesday night.

Senator Fleming, who championed the bill in the senate, nearly ruined his victory after getting the bill through. In his haste to clinch the measure he offered the customary motion to reconsider and table before an error in the title had been corrected. The motion to table carried.

When Senator Fleming offered his motion to amend the title, Senator Lawler raised the point that the bill could not be further considered at the suggestion of the Fort Wayne senator himself. The difficulty was finally overcome by offering a motion to expunge the record showing the reconsideration of the bill and the correction in the title was then made.

ATTACK ON BUSINESS MEN.

The various organizations of business men which have been before the legislature time and again during the present session beseeching certain legislation of importance to their interests, and D. M. Parry, president of the National Manufacturers' association, as the leader of these forces, were given a vicious scoring yesterday morning by Senator Dausman.

The attack on the business men was called out in the discussion of Representative Tarkington's anti-trust insurance bill, for which the business men have been working and which was called out of Senator Dausman's insurance committee and advanced over the wishes of the majority of the committee. Senator Dausman in his speech said that while labor organizations have been accused of making unreasonable demands he had never seen anything equal to the way in which the business interests tried to dictate to the legislature. If the legislature has to take its orders from Mr. Parry, he said, he was ready to resign.

ULREY-LED FIGHT.

Senator Ulrey, of Fort Wayne, led the fight for the measure. As the one member of the insurance committee that wanted the bill favorably reported he offered a motion to withdraw the measure and advance it to second reading. He explained that the bill is designed to prevent insurance companies from combining to fix rates, as they now do through their governing committees, which meet in the large cities, such as New York and Chicago, and determine on the schedules of risks and rates. He charged that the measure was being held up by the old line insurance companies and that the division in the committee was merely a subterfuge to kill the bill quietly.

Senator Ball upheld Senator Ulrey and Senators Dausman and Lawler fought the measure. Senator Dausman offered a motion to indefinitely postpone the bill. It was in speaking on this motion that he made his attack on the business men's organizations.

AGENTS PUT RATES TOO LOW.

The interests of the agents, he said, is to secure business and they would be inclined to put rates too low for the companies to stand with this end in view. It would be just as sensible to say that local agents of any particular kind of business might

meet to determine prices as to give this power to determine rates to insurance agents, he declared.

"In this connection," he said, "I want to say one thing. It may not be politic to say it at this time, but I cannot refrain. We have heard a great deal of the tendency of organized labor to make unreasonable demands, but I want to say that they are not one-tenth as bad as the organization of business men. These fellows come before the legislature with the most outrageous demands I ever heard. They want the earth and want you to build a fence about it for them."

"This central organization in Indianapolis will send out the word on some proposition and in two days we begin to get letters by the score from business men who do not know a thing about the bills on which they are writing. Their only knowledge is that D. M. Parry, president of the Manufacturers' association, has asked them to write. If he is running this legislature I want to resign and go home. These business men's organizations will make demands of us that would bring the blush of shame to the cheeks of laboring men. This bill is a sample of what they are asking and I hope it will be killed."

The vote on the motion to postpone stood 27 to 17 against the proposition. The bill was then advanced to third reading.

HOUSE PASSES BILLS.

The house last night remained in session until 7:20 o'clock. This was done by order of Speaker Marshall over the violent protests of a host

of members who wanted to go home to dinner. A few minutes after 6 o'clock some of the representatives began to leave quietly and at 6:20 o'clock when the roll had to be called twice to secure a quorum, the speaker instructed the doorkeepers to allow no members to leave the hall.

The Gray senate bill for the creation of a state board of pardons was passed during the afternoon with spectacular accompaniments. The bill was carried by a vote of 61 to 28, after Mr. Slack had spoken warmly against it.

Other bills passed were as follows: Requiring the use of safety brakes and appliances on railroad trains.

Raising the salary of all circuit judges of the state \$300.

Providing for the incorporation of companies to inspect steam boilers and machinery.

Compelling interurban companies to provide water closets and drinking water in passenger trains.

Providing for a \$1 license for fall duck hunters, and that the \$25 licenses granted to non-resident hunters shall contain a description of the owner for identification purposes.

For transferring vicious and criminal boys from the reform school to the reformatory.

Providing for the printing of bills now enrolled, in a special copyright type, to prevent alterations before they are signed by the governor.

Providing that banks and trust companies need not make an annual report to the auditor of their stockholders' names and holdings.

Making arbor day a legal holiday.

Preventing the construction of railroads upon grounds held by the state for institutional purposes.

Permitting Allen county commissioners to receive donations for the erection of a monument to the late Gen. Lawton.

Permitting a board of county com-

missioners to relinquish trusts created by deeds or wills, where they are named as trustees, to establish homes for indigent women and orphan children.

Providing that all text books for the public schools, excepting histories and geographies, shall be contracted for ten years at a time.

DR. PRICE'S TRYABITA FOOD

THE ONLY WHEAT FLAKE CELERY FOOD.

"I consider Tryabita Food the greatest achievement of my life."

GROCERS SELL IT.

Dr. J. C. Price

The Unrights Righted.

That's the way we do business. You will find this is true if you try us. If you happen to get a pair of "Pingree-Made" Shoes that seems wrong and you are reasonably sure they are wrong bring them to us and we will make it satisfactory if it requires a new pair to do so.

Noah Webster,

the original author of this magnificent work, needs no introduction to the American public, for his name is a household word, and next to the "Father of His Country," is the most widely known American. The "Webster's Encyclopedic Dictionary" contains all of the original "Webster Dictionary," and in addition has been revised and enlarged by

Rt. Rev. Samuel Fallows, A.M., D.D.

Late Professor-Elect of the University of Wisconsin; late Superintendent of Public Instruction of Wisconsin; ex-President of Illinois Wesleyan University; member of the Philosophical Society of Great Britain; author of "Synonyms and Antonyms," "Hand-book of Abbreviations," etc.

No other dictionary on the market is right up-to-date like the "Webster Encyclopedic Dictionary," having just recently been revised and enlarged and now contains such words as automobile, dynamite, spermology, vibron.

CONTENTS.

Over 200,000 words.
2,298 pages.
2,000 engravings.
Articles on recent scientific discoveries, such as LIQUID AIR, X-RAYS, WIRELESS TELEGRAPHY.
Preface by Noah Webster.
Preface by Samuel Fallows.
History of English Lexicography.
102 pages of illustrations.
Rules for pronunciation of the principal European languages.
Pronouncing vocabulary of modern geographical names.
Population of cities of the United States, over 8,000.

Population of States and Territories.
Dictionary of Synonyms and Antonyms.
Lexicon of Foreign Phrases.
Eight colored plates, showing in actual colors
Flags of the Nations.
Arms of the various countries.
International Code of Yacht Signals.
Shoulder-straps of U. S. Army officers.
Seals of States and Territories.
U. S. Naval Flags.
Pilot signals of different countries.
Portrait of Noah Webster.
Memoir of Noah Webster by Chauncey A. Goodrich.

Why Should You Possess This Valuable Work?

Because

it is the duty of every American to be able to speak and read the English language CORRECTLY. In order to obtain thorough knowledge on any subject, or to form a sound judgment, it is necessary that you be familiar with every word—the spelling, the pronunciation and meaning of each word used in speech or current literature. No one can catch the exact thought which an author or speaker intends to convey unless he knows the significance of all the words used. THEREFORE, a Dictionary is an ABSOLUTE NECESSITY—THE BEST, THE MOST ACCURATE AND COMPLETE THAT CAN BE OBTAINED—

"WEBSTER'S ENCYCLOPEDIA DICTIONARY"

In which every word is CORRECTLY DEFINED, CORRECTLY PRONOUNCED, CORRECTLY SPELLED, and the use and meaning of various words illustrated by apt quotations. Many hours of hard labor were spent by the distinguished authors in making this the MODEL DICTIONARY. The best special dictionaries on various branches of knowledge and the leading encyclopedias were consulted and taken as authorities, so that this dictionary

IS UNEXCELLED IN PROFUSENESS AND EXCELLENCY OF SUBJECT MATTER.

This Book Is Being Sold at \$9.00 by the Publishers.

THE SENTINEL has made arrangements for a number of these Dictionaries at about one-third their value, and are putting them out to their subscribers in weekly installments. Solicitors will call on all our citizens and explain the plan.

of doubt and the evoking of sincere response in the hearts of all honest truth-seekers.

Point and logic follow every detail of this great "Plan of the Ages," leading forward with time accuracy from creation to the fruition of a glorious age known to many as the "Millennium," when sin shall have worked out its bitter wages of sorrow and death to the vindication of an all-wise, all-just, and all-loving Creator. Thus will be brought about the redemption of man to an inheritance sown in tears, but then to be reaped with exceeding glory, reaching in due time all the families of earth as "glad tidings of great joy," and eventuate as the "desire of nations." Hence the mystery hid in Christ from the foundation of the ages shall yield everlasting blessing to whomsoever will receive the same at the coming of His kingdom, shortly to be ushered in by the iron rod of Divine wrath, to the complete mastery of all rule in heaven and earth. Seats free. No collection.

BIBLE HARMONIZED.

C. T. RUSSELL, AUTHOR "MILLENNIAL DAWN,"

AND EDITOR "ZION'S WATCH TOWER," OF ALLEGHENY, PA.,

Will Deliver Two Addresses At Masonic Temple, Sunday, March 8, at 3 and 7:30 p. m. Respectively.

SUBJECT, AFTERNOON, "HOW TO STUDY THE BIBLE," EVENING, "THE NARROW WAY AND OTHER WAYS."

Discourses illustrated by a "Chart of the Ages," used in showing forth the Divine order and arrangement as respects human destiny. By this means Jehovah's gracious character is shown of misrepresentation and slander and beautifully unfolded to the clearance

First car leaves Fort Wayne on Sunday morning at 7 a. m. Phone "Home" No. 319.

WANTED—Every man, woman and child to call at Citizens' Trust company, corner Berry and Clinton, and ask for one of the bankers' banks, furnished to all who desire to save money. Capital, \$500,000; interest paid on deposits. 5-17

THE MARKETS.

Chicago, March 6.—Wheat opened easier on cable and larger Argentine shipments than had been expected and May was a shade higher to a shade lower, at 75 1/2¢ to 75 3/4¢, and under free offerings, due to the bearish situation, the price declined to 75 1/2¢. There was little feature to trading the early part of the day and the volume of business was light. Minneapolis and Duluth reported receipts of 270 cars, which, with local receipts of 21 cars—none of contract grade—made total receipts for the three points of 291 cars, against 304 cars last week and 184 cars a year ago.

The market was weak the greater part of the day and May sold off to 75 1/2¢ to 75 3/4¢. Late in the session a strong feeling developed on covering by shorts on the strength in corn and the close was at the top, May being 1/4¢ to 1/2¢ higher, at 76¢.

Opening prices were about steady. May was a shade lower to a shade higher, at 46 1/2¢ to 46 3/4¢. Under a fair demand from commission houses and with light offerings, the market advanced, May selling up to 46 3/4¢ to 47¢. The weather was still a bearish factor, being extremely unfavorable for the movement, and the grading remained poor. Local receipts were 256 cars, with none of contract grade.

The market was strong the latter part of the session. The close was the top, with May 1/4¢ to 1/2¢ higher, at 47 1/2¢. There was a good demand for oats at the opening and May went up 1/4¢ to 1/2¢, at 34 1/2¢ to 34 3/4¢, but the better prices brought out liberal offerings, which caused a decline to 34 1/4¢; local receipts were light, 107 cars.

Provisions opened easy on moderate receipts of hogs and lower prices at the yards. In spite of considerable outside liquidation the market advanced a trifle on buying by brokers, supposed to be for local packers. May pork opened 2 1/2¢ lower, at \$18.17 1/2, and lard and ribs were also down 2 1/2¢, at \$9.97 1/2 and \$9.75.

The Close.
Wheat—May, 76¢; July, 72 1/2¢ to 72 3/4¢; Sept., 70 1/2¢.
Corn—March, 45 1/2¢; May, 47 1/2¢; July, 46¢; Sept., 44 1/2¢.
Oats—March, 34¢; May, 34¢; July, 34¢.

Cheese—Market steady; twins, 12 1/2¢ to 13¢; dairies, 13¢ to 13 1/2¢; young Americas, 13¢ to 13 1/2¢.

Chicago Live Stock.

Chicago, March 6.—Cattle—Receipts, 3,000, including 250 Texans; market steady; good to prime steers, \$5.15 to \$5.75; poor to medium, \$3.50 to \$4.90; stockers and feeders, \$2.75 to \$5.15; hogs, \$1.50 to \$4.60; heifers, \$2.25 to \$4.75; calves, \$1.50 to \$2.00; bulls, \$2 to \$4.25; calves, \$3.50 to \$6.75; Texas fed steers, \$4 to \$4.65.

Hogs—Receipts today, 20,000; tomorrow, 18,000; left over, 4,435; market slow, 10¢ lower; mixed and butchers, \$6.95 to \$7.35; good to choice heavy, \$7.25 to \$7.50; rough heavy, \$7.10 to \$7.30; light, \$6.70 to \$7; bulk of sales, \$7 to \$7.30.
Sheep—Receipts, 5,000; sheep and lambs steady; good to choice wethers, \$5 to \$5.65; fair to choice mixed, \$4 to \$4.75; native lambs, \$4.50 to \$6.90.

The Day on Wall Street.

New York, March 6.—Opening prices for stocks showed that support was accorded the market, as was foreshadowed by the higher prices for Americans in London before the opening here. The severest sufferers in yesterday's decline led the advance. Canadian Pacific rose 1/2. Southern Pacific 1/2 and Union Pacific 1/2 on large takings. Manhattan also rose nearly a point. The most prominent stock to show a decline was U. S. Steel preferred, which was shaded a small fraction.

Speculative sentiment favored the low account when it was perceived that concentrated buying was going on in all the prominent stocks. Room shorts helped along the rise by covering largely in the trans-continental stocks. A number of yesterday's weak features made advances of a point or over, including St. Paul, Union Pacific, Canadian Pacific, Atchafalpa, Missouri Pacific, New York Central, Rock Island, Sugar and the local traction. Realizing sales depressed the list before 11 o'clock, sugar reacting a point.

There were some further advances in prices, Northwestern rising 3, Canada Southern 2 and Amalgamated, Tennessee Coal, Smelting and a few specialties a point. Heavy selling of Southern Pacific then developed and the gains were about wiped out all around. The market became dull at about last night's level. Some minor stocks showed losses running to a point. General Electric and Hocking Valley preferred lost 2, Colorado and Southern second preferred 3 and New York, Chicago and St. Louis second preferred 4 1/2.

Bear traders hammered the market on the maintenance of the tariff money rate and the prospect of an unfavorable bank statement. Important market leaders were singled out for attack, especially St. Paul, Southern Pacific, Sugar and New York Central. The entire list fell below yesterday's close, but in most cases the net loss was trifling. Delaware and Hudson declined 3, New Jersey Central and Colorado Fuel 2 and New York Central, the St. Louis and San Francisco stocks and Sugar 1. Pittsburg, C. & C. St. L. dropped 3 1/2, Cleveland, Lorain and Wheeling 1 1/2, and the preferred 6 1/2. There was some improvement in the market's tone at 1 o'clock, Amalgamated rising to the best and New York Central recovering fully, but the demand otherwise was light.

Buying orders became more abundant late in the day, the inability of the bears to put the list much below last night producing a better demand for both accounts. Recoveries from the lowest ran to about a point in Sugar, Delaware and Hudson, Southern Pacific, St. Paul, Missouri Pacific and Tennessee Coal. Amalgamated Copper, New York Central, Rock Island and Atchafalpa touched the best, reflecting a net rise of a point.

The demand to cover shorts continued strong and carried stocks vigorously upwards. The Pacifics and grangers were in most demand, Missouri Pacific leading with a rise of about 2 points. Amalgamated gained as much. Other members of the Pacifics, the grangers, Pennsylvania, Baltimore and Ohio, Reading, Toledo, St. Louis and Western, General Electric, Tennessee Coal, Metropolitan Street railway, Leather preferred and Kansas City Southern preferred rose 1 to 1 1/2 over last night. Consolidated Gas 1 1/2 and Anaconda 2 1/2. Among the dormant stocks there was a drop in Morris and Essex of 3 and American Express 6. The buying demand spent its force in the late dealings.

The closing was dull and irregular.

New York Produce Market.

New York, March 6.—Butter—Receipts, 6,921 packages; market firm; state dairy, 15¢ to 24¢; extra creamery, 27¢; held creamery, 18¢ to 23¢; creamery,

common to choice, 18¢ to 24¢.
Cheese—Receipts, 1,594 packages; market firm; state full cream, fancy small colored, full made, 14¢; state full cream, fancy small white, full made, 14 1/2¢; state full cream, fancy large colored, full made, 14 1/2¢ to 14 3/4¢; state full cream, fancy large white, full made, 14 1/2¢ to 14 3/4¢.
Eggs—Receipts, 9,512 packages; market firm; state and Pennsylvania, average best, 19¢; western, fancy, 18 1/2¢; southern, 18¢; refrigerated, 10¢ to 15¢.
Sugar—Raw, market strong; fair refining, 3 1/2¢; centrifugal, 96 test, 3 1/2¢ to 3 1/2¢; molasses sugar, 8¢ to 3 1/2¢; refined, market firm; crushed, \$5.40; powdered, \$4.90; granulated, \$4.80.
Coffee—Market steady; No. 7 Rio, 5 1/2¢.

The Money Market.

New York, March 6.—Money on call firm at 5 1/2 per cent.; prime mercantile paper, 5 1/2 per cent; sterling exchange weak, with actual business in bankers' bills at 48 1/2 to 48 3/4 for demand and at 48 1/2 to 48 3/4 for 60-day bills; posted rates, 48 1/2 and 48 3/4; commercial bills, 48 1/2 to 48 3/4; bar silver, 48 1/2; Mexican dollars, 38.
Government bonds steady.

East Buffalo Markets.

East Buffalo, N. Y., March 6.—Cattle—Receipts, light; demand good, at steady prices.

GEORGE J. GOULD MAY TAKE A HAND

Employees Invite Him to Investigate Situation on the Wabash System.

SEVERAL RESIGNATIONS

W. A. Maddux Will Retire from the Nickel Plate—Mr. Bear Leaves the Lights.

St. Louis, Mo., March 6.—Attorneys for the Wabash firemen and trainmen spent the day carefully considering the bill of particulars filed by the railroad company in its application for the injunction recently granted. When the application for dissolution of the order will be made is not yet definitely known. The general situation is unchanged. The attorneys and union leaders have declined to say what the basis of their pleadings will be, but it is stated that one of the grounds to be urged in asking for a dissolution of the injunction will be the denial of the authorization of a letter sent to the Wabash employees at the time the vote was ordered, purporting to come from a leader of the conference committee and making threats against the company.

Both Mr. Morrissey and Mr. Lee say they had no knowledge of the letter until it was used by the Wabash officials in their plea for an injunction. Morrissey and Lee intimate that they know the author of the letter to be a member of their order who is a traitor to the brotherhood and who wrote it to make grounds for an injunction by the company. Messrs. Morrissey and Hannahan are looking forward to the visit of George Gould, the head of the Gould lines, including the Wabash to St. Louis. Mr. Gould was notified by telegraph of the situation here on Monday, when the ultimatum was delivered to President Ramsey. Mr. Gould and his traffic manager, A. C. Bird, are now in Chicago and have announced that they will be in St. Louis Sunday and Monday on their inspection tour of the lines. The leaders here are of the opinion that Mr. Gould is coming this way on a special errand to inquire into the situation between the Wabash and its employees.

MR. BEAR RESIGNS.

William P. Bear will leave the construction department of the Fort Wayne Electric works tomorrow to accept a position in Chicago with the Magnetic Equipment company at a greatly increased salary over his present position. The Magnetic company gets out a device for increasing the tractive effort of street cars and locomotives which is fast coming in general use on steam and electric roads. Mr. Bear came here about three months ago from the Armour Institute of Technology, from which he is a graduate. He is a pleasant fellow and his resignation is a matter of regret at the works. Mr. Bear will leave for Chicago at noon tomorrow.

A DIMINUTIVE ENGINE.

J. H. Messick, a news agent on the Lake Erie and Western road, left a model locomotive in the office of General Foreman George Smith, at the Wabash shops, yesterday. With the exception of the boiler this little engine is a model in all its parts of the standard passenger engine of a dozen years ago, even to the most minute detail. The boiler has only one flue, however, which is large and passes through the center of the boiler. The machine can be steamed up and run. It has no tender and is about eighteen inches long.

INCREASE HAS BEEN STEADY.

A notable feature of the freight business in and out of Fort Wayne during the year ending with February, as shown by the reports of J. O. Goff, the local agent of the Indiana Car Service association, is an increase each month over the corresponding month of the preceding year. In some instances the increase has not been very great, but there has been some, and taken as a whole it makes a gratifying showing. During February, 1903, there were handled here outside of the freight houses 1,593 car loads of freight, against 1,455 during the same month of 1902. Mr. Goff says the chief traffic was in coal, lumber and vegetables.

INCREASING POWER PLANT.

Four panels were added to the switchboard in the Pennsylvania power plant this morning, making the board one of the finest, though not the largest, in the city. The switchboard was made at the Fort Wayne Electric works.

Weekly Engine Output.

Eight engines will be the output from the Pennsylvania shops for the

week ending tomorrow, and all of them received general repairs, which places them in as good shape as they were the day they left the factory on their first trip. Following are the engines: Nos. 7902, 7164, 7268, 7255, 7571, 7317 and 7173.

W. A. Maddux Resigns.

W. A. Maddux, a car inspector and foreman of the Nickel Plate wreck crew, has handed in his resignation to General Foreman Kinney, the same to become effective April 1. Mr. Maddux has under consideration two propositions, either of which he considers more desirable than the position he is now filling and he will decide upon one of them before he severs his connection with the Nickel Plate. Mr. Maddux is a millwright and a carpenter by trade and that work affords better wages now than inspecting cars and clearing up wrecks. He learned his trade in the Panhandle shops at Logansport, beginning when he was seventeen years old. From that road he went to the Lake Erie and Western and worked five years, his first service there being before the road was built to the city, its trains coming in over the Wabash tracks. From the Lake Erie he went to the Pittsburgh shops, where he was employed in the carpenter department. His service with the Nickel Plate dates from August, 1887, when he took a position as a car repairer. He was made foreman of the wreck gang fifteen years ago and has attended every wreck within his territory since that time. He is a most capable and careful foreman, too, for during his long service there was not an accident at any of the wrecks he attended and not one of his men was injured. The positions Mr. Maddux has under consideration will not require removal from the city.

Tank Shop Will Move.

Tomorrow that portion of the Pittsburgh tank shop which builds the frames will be removed from the old round house, which has been its home for forty years, to the new round house, where four stalls have been set aside for its accommodation. The men engaged in other work in the tank department will remain where they are for the present. Those men who will move with the department are R. G. Fenker, W. F. Thiele, O. F. Slusser, O. B. Lewis, G. Gladbach, J. D. Smith, L. B. Helder, F. Grim, M. S. Hill, A. Emrick and P. Polroy. As soon as the new home for the boiler department is completed, the tank shop will return down town and occupy what is now the boiler shop. Isaac Wise, the foreman of the tank department, will retain an office in the little brick building near the old round house until his new quarters in the old boiler shop are ready for him. Mr. Wise is one of the old men in that department, having worked there many years.

Coal Dock Girders Placed.

Master Carpenter D. C. Zook had the girders for the coal docks placed over the main tracks of the Pennsylvania yesterday. For the purpose the big erecting derrick from Crestline was employed and the work of putting the girders in place was accomplished in about an hour. Under ordinary old style methods it would have kept an army of men busy for twenty-four hours putting the girders in place. The work on the coal docks has been delayed by bad weather, but it will now be pushed forward as rapidly as possible.

Changes in Working Force.

Machinist L. J. McCulloch and Laborers J. T. Livingston and A. G. Doell took positions at the new round house of the Pittsburgh yesterday and the following men resigned: A. Fisher, a hostler, to work elsewhere; J. O'Connell, night storekeeper, to go back in the train service on the Grand Rapids and Indiana road; J. L. Nelson, caller, to take a position at the Bowser Oil Tank shops; and L. G. Forrest, to take a position as fireman on the Pittsburgh road.

Mr. Bixby Will Move Here.

When the office building at the new round house is erected and ready to receive Road Foreman C. R. Colmey and his clerks, the present quarters of those gentlemen will become the office of E. K. Bixby, a Pennsylvania traveling passenger agent, who is now located in Cleveland. Mr. Bixby has made many visits to Fort Wayne in his official capacity and is well known in passenger circles here. A year ago he had a knee injured in an elevator accident at Cleveland and is still lame.

Walk to the Round House.

An improvement that will be appreciated by the employees at the new round house is a wide board walk from the viaduct on Gay street to the entrance door at the round house, along the high bank which borders the Wabash tracks at that point. The walk will probably be completed tomorrow evening.

Industrial Notes.

Henry Shuster, W. Heuer and F. C. W. Meyers, Pittsburgh shopmen, are sick and off duty.

Claim Agent H. T. Swegman, of the Pennsylvania, has returned home after

a three days' trip in the interest of the department.

C. Kess, night clerk at the Pittsburgh freight house, is sick and off duty.

Louis Stetter, of the Pittsburgh tank shops, is off duty on account of sickness.

Lumber Foreman M. W. Kemp, of the Pittsburgh, is in Hobart on company business today.

The Pennsylvania pay car will arrive here March 18 and remain until the morning of March 20.

Machinist W. Smith, who was hurt some days ago, resumed work at the Pittsburgh shops last night.

Fred Vogelgesang, a sweeper at the Bass machine shop, is off duty on account of sickness in his family.

Mr. and Mrs. Schirchel are moving from Decatur to this city. He is employed as a brakeman on the Nickel Plate.

C. D. Mann, a Nickel Plate brakeman, was off duty yesterday preparing to move his family into new quarters.

A. Humbrecht has resigned his position at the Pennsylvania round house to go to Columbus to work in the Panhandle shops.

E. J. Buckingham and William France, the latter from the Toledo and Ohio Central road, are new brakemen on the Nickel Plate.

Robert Sears, a draftsman at the Electric works, was called to Lafayette this morning by a message stating that his mother was dead.

At a meeting of the membership board of the Railroad Y. M. C. A. tonight, fifteen applications for membership will be acted upon.

James Burns, of the Pittsburgh blacksmith shop, had the misfortune to have a hand painfully bruised this morning by a misdirected blow.

William Sites, a Pittsburgh freight handler who had been off duty several days on account of the sickness of his wife, reported for work this morning.

Charles Haenel, clerk at the Nickel Plate yard office, is threatened with an attack of brain fever. He worked Wednesday and was taken sick on the evening of that day.

Conductor Worling has gone to Leipsic and Bellevue to take Conductor C. W. Ziegler's place in the local service while the latter is running a passenger train on the Nickel Plate.

In making mention of the accident to Mr. Bott, the Wabash shopman, yesterday, an error occurred in his christening name. It should have read Urban Bott instead of Albert Bott.

Mrs. M. E. Grove, wife of the retired boilermaker, will go to Chicago tomorrow to visit her sister. Mr. Grove worked in the Pennsylvania shops forty-four years, but retired a few months ago.

John Scheib, a car builder at the east shops, and his wife, have returned from Indianapolis, where they went several days ago to attend the funeral of their nephew, John Spaeth, who was 26 years old.

Machinist Allen Hamilton, of the Pittsburgh, had one of his fingers lacerated in the machine he was operating yesterday. Dr. Stemen dressed the digit. Mr. Hamilton is a member of the school board.

Pressed meat for export is again moving in such volumes over the Nickel Plate that it becomes necessary to occasionally run a solid train of cars loaded with it. The second 44 last night was such a train, having nine cars filled with dressed beef.

Next Sunday will be the fifty-ninth anniversary of James C. Chamberlain, the watchman and switch tender at the entrance to the old Pennsylvania round house. Mr. Chamberlain is a veteran of the war of the rebellion, having served in one of the Indiana batteries.

The International Association of Railway Surgeons will hold its next annual convention in Indianapolis, beginning June 10 and continuing three days. There are usually 800 to 1,000 delegates in attendance, coming from all parts of the United States, Canada and Mexico.

The locomotive built by the engineers of the Erie Railway at their own expense for the world's fair at Chicago at a cost of \$16,000 as a model engine, which the Erie subsequently bought for \$10,000, will be placed in service hauling a local train between Jersey City and Nyack.

The Findlay Republican says that Findlay engine 5 has gone to the shops for general repairs; that Engineer Richards, of the Findlay, is off duty because of the serious illness of his wife in Fort Wayne, and that Engineer George is laying off on account of sickness and Engineer Hoch is running in his place.

Pennsylvania engineers have instructions to slow down to fifteen miles an hour at two or three points on the road between this city and Warsaw, where the tracks have been lowered or straightened. The soft weather and liability of the banks to slide down on the tracks is the cause of the order.

The ten Duluth and Iron Range engines leased to the Carnegie Bridge company, of Pittsburgh, last fall, are now passing through Fort Wayne on their return to Two Harbors, Mich., the headquarters of the Duluth and Iron Range. En route westward these engines bring trains for the Pennsylvania, being manned by local or extra crews.

A. B. Tousley, who has been on the eastern division of the Fort Wayne road instructing passenger brakemen in the management of the steam heating apparatus on trains, has returned

home to resume his regular duties in the train service. Mr. Tousley is one of the old passenger brakemen and is said to be an expert in handling the heating and lighting apparatus on trains. He is also an expert in handling horses.

Mrs. Leach and Miss Eliza J. Leach, wife and daughter of Foreman John T. Leach, of the boiler department at the new round house, are now comfortably located at Tampa, Fla., where the balmy air appears to have a beneficial effect upon Mrs. Leach's health. That lady has been ill for three or four years.

New Haven News: "The Wabash Railroad company placed a large force of men at work on Wednesday morning putting in stone abutments for a new bridge over the creek west of town. The bridge will be wide enough to carry the double track which the Wabash has planned to connect Fort Wayne and New Haven. The new line will be constructed during the coming summer."

T. J. Shipp, roadmaster of the C. & E. D., of Findlay, was in the city today.

John Smith, of the Wabash 'smith shop, is off duty today, presumably on account of sickness.

Passenger engine 328, which belongs to the eastern division of the Wabash, left the shops in this city today and will be turned over to service as soon as it has been tested.

A "booster" for the DeForest Wireless Telegraph company left the Fort Wayne Electric works this morning for Chicago, where it will be installed in the plant of Armour & Co. A small motor also left the works this morning, consigned to the Cummer Electric Light company, Cadillac, Mich.

TELLS OF GRAVE ROBBERING.

Noblesville, Ind., March 6.—Bulus Cantrell, the ghoul, came here from Indianapolis today to testify before the grand jury. He was accompanied by his attorney and two detectives. Cantrell was before the jury all the morning and made a full confession of his alleged relations with men of this county, who he said have been robbing graves in nearly every cemetery in the county for seven or eight years. He said the bodies were taken down the river in boats and hauled to the colleges in wagons.

SHINGLE MILL BURNED.

Fair Haven, Wash., March 6.—Fire which occurred here last night destroyed the plant of the Bellingham Lumber and Shingle company and scorched the Northern depot and several cars standing on the Northern Pacific tracks. Early reports were exaggerated.

CITY BREUITIES.

Baron Long is making a business visit in Auburn and other northern Indiana cities.

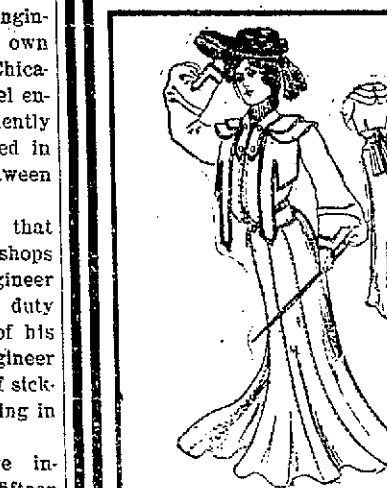

Miss Mayne Sheridan leaves Tuesday for New York city for a few days' visit.

Mr. and Mrs. John W. Vordermark have left for a visit of a few days with friends in Chicago.

Miss Louise Bond, daughter of Mr. and Mrs. S. B. Bond, underwent an operation at Hope hospital yesterday. John E. Bame, of Arlington, Ohio, who was operated on at Hope hospital some time ago by Dr. C. E. Barnett, returned to his home today.

Mrs. S. A. Karn has been removed from Hope hospital, where she has been a patient for some time, to her home. Mrs. Karn has been ill with peritonitis.

The Esculapian society of the medical college will meet next Monday evening. Students Carey and Sweringer will read papers on "Superstition in Medicine" and "Opium," in the order named.

Liberal Credit Plan

You get the goods just when you want them and pay for them in small regular sums which would otherwise be squandered in small extravagances. Putting quality against quality, our prices are as low as any cash store, because our factory produces and 37 stores distribute.

MENTER & ROSENBLUM & CO. 921 CALHOUN STREET.

MEETING OF THE CABINET.

Washington, March 6.—Secretary Hay and Attorney General Knox did not attend the cabinet meeting today. While the session lasted an hour and a half, it is understood that little business of serious importance was under consideration. Both Secretary Moody and Postmaster General Payne, who will leave early next week for an extended trip to the West Indies, had a few departmental matters to clear up before their departure, but they said nothing of importance was decided. Some appointments were considered, but no announcements were made of them.

PUBLISHERS GET INJUNCTION.

Washington, March 6.—The equity court today granted injunctions to restrain the postmaster general from further refusing to transmit at second-class rates certain publications issued by the Bates & Guild company, of Boston, and the Houghton-Mifflin company, also of Boston.

F. E. Wickenhiser, of Huntington, is in the city.

THE WEATHER.

Chicago, March 6.—Forecast for Indiana: Rain tonight and probably Saturday; warmer tonight; increasing southerly winds.

CITY BREVITIES.

Mrs. George Glor is visiting friends in Lagrange.

Dr. Stults has been called to Huntington on account of the critical illness of his mother, Mrs. Joseph Stults.

A. L. Randall will give up his duties as traveling salesman for the Mackintosh-Huntington hardware company, of St. Louis, about the 15th.

Miss Mary A. Kauffman and Willard Botteron, both of this city, were married yesterday afternoon and have left for a visit with friends in Chicago.

Auburn Courier: Mr. and Mrs. Elmer Botteron went to Fort Wayne yesterday to visit their daughter, Mrs. Frank Joliff, and family.

M. McC. Stoops, of Petersburg, Ind., editor of the Pike County Democrat, spent a few hours in the city today en route from his home to Decatur.

The dinner given by the ladies of the First Presbyterian church today was largely attended and was most successful in every way. The menu was excellent and was duly appreciated.

G. W. Bruckner, who conducts an agricultural implement store at 214-216 East Columbia street, has recently had the premises handsomely refitted and now has one of the best equipped agricultural implement establishments in the city.

C. E. Crall, formerly Associated Press operator for The Sentinel, will open a coal and wood office in the near future. Mr. Crall was formerly a coal and wood dealer and his knowledge of the business, together with his popularity, augurs success for the enterprise.

BANKER LEWISOHN WINS.

New York, March 6.—The appellate division of the supreme court today handed down a decision reversing the order of the special term and ordering the discharge from custody of Jesse Lewisohn. Lewisohn was committed for contempt for refusing to answer in the "John Doe" proceedings, questions respecting Canfield's alleged gambling house. Lewisohn refused to answer on the ground that to do so might tend to incriminate or degrade him, and his attorney attacked the constitutionality of that portion of the anti-gambling law which provides that a witness in a gambling case must answer notwithstanding that the answer might incriminate him. Lewisohn is a member of the firm of Lewisohn Bros., bankers, identified with the copper interests.

SUNDAY SCHOOL CONFERENCE

Chicago, March 6.—Sunday school missionaries of the Presbyterian church representing Sunday schools of seventeen states, mostly in the middle west, attended a conference of that body here today. Dr. James A. Worden, superintendent of the Sabbath and missionary department of the church, presided. Evangelic work and method of developing Sunday schools into churches were the principal subjects discussed.

FIFTY YEARS HIS PATIENT.

Dr. G. W. Bowen informed The Sentinel today that he has one patient, a lady, now eighty years old and in good health, whom he has treated more than fifty years. He first visited her professionally February 13, 1853.

CONTRACT FOR PIPE ORGAN.

The congregation of Plymouth Congregational church has just closed a contract with the Feigelmacher company, of Erie, Pa., for a handsome pipe organ, which will be placed during the present year.

BIG STRIKE IMMINENT.

Springfield, Ill., March 6.—The joint scale committee of miners and operators made no headway at the session today. The threatened strike because the operators refuse to grant an increase in northern Illinois and in Williamson county hinges on the action of the scale committee. The members of the committee state that there seems to be no chance of an agreement, as the operators strongly oppose an increase in the present scale. The operators state that they are in favor of adjourning since die if the miners insist on an increase. Should this be done, the miners state, a general strike in Illinois will result on April 1.

EARTHQUAKES IN GERMANY.

Berlin, March 6.—Earth shocks have been felt for two days in the district of Voigtland, Saxony, and in

the Erzgebirge (Ore mountains). Yesterday's shocks were slight, but those of today were violent. The inhabitants of Graslitz left their houses and passed the night in the streets. Tremors were felt so far as Plauen, Reichenbach and Zwickau. Houses at Unter Sachsenberg and at Asch shook for several seconds. There was great excitement throughout the affected district.

WORK OF THE MAGNATES.

New York, March 6.—The American and National Base Ball leagues resumed their respective business sessions today. Interest, naturally, is centered about Johnson and his colleagues who are arranging the final details for the New York American club. The National league da-journed, subject to the call of the chair, and a number of the members started for home. It was announced that "Chief" Zimmer, of Pittsburg, had signed a contract to become playing manager of the Philadelphia club.

EVEN AN EXCHANGE IS NO ROBBERY.
